

The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Vision: To produce such professionals who have global competence, vision & skills as are necessary to meet the challenges of emerging global knowledge economy by the power of innovation, creativity & efficient learning ability.

Mission: To focus on holistic development of the girls.

To educate the rural masses unto the last.

To encourage the education of economically disadvantaged group.

To strive for academic excellence.

To enable the students to keep pace with the latest technology.

To inculcate and develop orientation towards Research.

6.2 Does the Institution have a Management Information System?

Yes, the college has an active MIS. It is sending regular data information to the UP Higher Education Commission, Allahabad, Education Department, Lucknow, Regional Education Directorate, Meerut and UGC, New Delhi.

It is annually uploading the RUSA & tri-monthly updating the AISHES formats and as and when the demand arises for other statistical details.

The college has created a complete students data base regarding their admissions, results and also the expenditures details of the college in every academic session.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The college follows a Curriculum set by the CCS University as it is an affiliated to it but most of its HODs are members of University's Board of Studies and Academic Councils of different subjects so they contribute in its development according to the demands of the changing expectations from higher education in the society and the college in particular.

ICT, Communicative English, Physical Education, Computer Application, Food Sc., B.Voc in IT, Yogic Science and Clinical Psychology were subjects added to the

6.3.2 Teaching and Learning

ICT, modern audio-visual aids mainly PPT presentations and use of smart boards by professionally experts faculty members helps in disseminating knowledge to students in an interesting and captivating manner. National and international seminars, workshops and panel discussions develop confidence and initiative among them who coming from various rural & urban backgrounds get in tune with the latest knowledge available in their fields.

6.3.3 Examination and Evaluation

Along with the university annual and semester exams for the UG and PG respectively the college holds monthly tests, quiz and hourly programmes according to each department's own schedule. Internal exams for the PG students are also conducted twice in each semester and viva voce exams are conducted at the conclusion of each semester. Continuous evaluation by these methods helps the students to know their weaknesses and drawbacks and teachers help them through tutorials and extra classes, many times on one to one level also.

6.3.4 Research and Development

Most of the departments have 'Dissertation' as a compulsory paper for final year PG students. Where it is optional, teachers motivate the students to take it so that they become acquainted with the research techniques and methodology before entering a research programme. Teachers, themselves continue to attend refresher courses, national and international research oriented seminars and conferences and contribute papers. Teachers are also encouraged to apply for UGC and ICSSR sponsored minor and major projects and Post Doctoral fellowships. Each department has its own rich research library available to the students and fellow teachers for the whole academic session without any fee. Doctoral and Post doctoral Fellowship students who join the departments also teach and associate with PG students to help them complete for the JRF, NET, SLET and Pre-Ph.D. entrance Test.

6.3.5 Library, ICT and physical infrastructure / instrumentation

Annexure - 9

6.3.6 Human Resource Management

Annexure – 10

6.3.7 Faculty and Staff recruitment

Staff selection process and their recruitment are conducted by the Higher Services Commission in case of permanent employees because our college is an aided U.P. Govt. College affiliated to the CCS University.

Appointment of the temporary staff is done by the regular process of advertising the post, scrutinizing the applications, making merit, and then inviting for interview by the Principal and the Management Committee of the College.

6.3.8 Industry Interaction / Collaboration

Students of food science & Quality control are sent for "one month on the job training" in different food industries. Home science students are taken to different Textile industries and Tinned food factories for Industrial visit. Chemistry students are taken to visit different drugs, Chemicals, sugar, leather etc industries. Drawing & painting students are taken to different art Galleries. Zoology students are taken to Fisheries farms. Pol. Science students are brought into direct contact with Sabhasads, MLA's of the area through seminars and panel discussions organised in our college.

6.3.9 Admission of Students

Admissions of UG & PG students in traditional courses are done through online registration at the university portal.

The University makes the merit list and sends it to our college according to the preference of the students and in numbers sanctioned for our college.

Our admission committee checks their originals and helps them in choosing the subjects of their choice according to their merit and availability of seats in our departments.

The entire process is transparent and computerised for future MIS requirements.

6.11 Activities and support from the Alumni Association

Annexure -12

6.12 Activities and support from the Parent – Teacher Association

There is no tradition of Parent- Teacher association in our college. But most parents remain in contact with department teachers on telephone. Officially the parents are called in the college during Youth Festival if their wards are participating in events or are being honoured for their achievements. Parents are also summoned if their wards are found engaged in anti-social activities or in some disruptive behaviour, if they have a shortage of attendance or are failing in class tests and half yearly exams. With parents of PG students teachers are in direct contact through SMS and emails.

6.13 Development programmes for support staff

There is a rich tradition in our college of promoting the support staff to senior positions with added responsibility and emoluments once they enhance their academic and administrative qualifications. But this also involves a formal open recruitment process by the management and Principal of the college inviting applications for the same. The wards of the support staff also get concessions in their fees by the Principal and management committee and teaching staff liberally lends them study materials.

6.14 Initiatives taken by the institution to make the campus eco-friendly

The college has an independent Beautification & Gardening Committee whose incharge and members are the HODs of the Botany, Zoology and Home science departments. The Bursar of the college takes their expert opinion to guide the gardeners and cleaners in the college. We have a Plant Conservation Society where medicinal plants are cultivated, a Botanical garden, one Lotus-flower fountain and one Hydrilla-flower fountain and a Nutri-Garden all maintained with natural manure system.

Significant Activities & Contributions made by IQAC in (2015 - 16)

- For the year 2015-16 the Principal and the IQAC Team members were able to seek permission from the UGC to start a **Community College Program**. Our college is the first to initiate it in the whole of Western U.P.

The following one year diploma has been introduced in partnership with TCS:

- **Diploma in Office Automation & E-Governance.**
- **Permission for starting another Diploma in BPO is also being granted for the next 2015-16 session.**
 - We have also applied for the following skill-oriented programmes for our college **Bachelor of Vocation (B. Voc)** under the National Skills Qualifications Framework (NSQF) for the next 2015-16 session
 - (a) **B. Voc. in Yogic Science**
 - (b) **B. Voc. in Applied Clinical Psychology**
 - (c) **B. Voc. in Information Technology**
- Our College IQAC has, over a period of time, developed a culture of constantly inspiring the academic and administrative staff towards steadily improving the teaching & learning process and building an all round optimistic and positive atmosphere in the college in the following ways:
 - The faculty members are being provided the latest info-technical facilities to adopt the best practices in teaching.
 - Every department is orienting its students in research techniques in their Masters' by training them in research methodology and dissertation programs.
 - Students from all castes and communities are getting equal access to the college amenities and the students from the weaker sections of society are being given special facilities to cope up with the financial burden of learning through scholarships, fee-concessions, fee free-ships, earn-while-you-learn programs and book-lending.
 - Written and oral internal exams are conducted on a monthly and quarterly basis to assess the performance students.
 - Students who perform low in their exams are being given special tutorial classes to cope up with their syllabi so that they perform satisfactorily in the University examinations.
 - All the students are given access to internet in the Central Library and in their departments. They are introduced to search engine facilities on the computer. This helps students coming from rural background in orienting themselves with the world-wide fast changing and developing aspects of seeking education and knowledge.

- Faculty members meet the parents for the P.G. students and are getting written feedback from U.G. students on prescribed formats to assess their own performance in teaching and administration.
 - Various international, national, state level and institutional seminars, guest-lectures, exhibitions, debates and extempore were organized on topics of contemporary relevance during the year involving the whole college and students in the same. (Details given in Annexure – 1)
 - Reports and photo gallery of these programmes have been uploaded on the college web-site for future reference.
 - The college has developed a sound management information system (MIS) and entire administrative, financial and students' related data-base (admissions & results) is uploaded on the college information system for convenience of reference, inspection and audit.
 - Annual Quality Assurance Reports are prepared by the IQAC and are uploaded on the college website
- **The IQAC has been making continuous efforts in facilitating the college to fulfil the following objectives set in the guidelines of NAAC:**
- a) Ensuring heightened level of clarity and focus in institutional functioning towards quality enhancement;
 - b) Ensuring internalization of the quality culture;
 - b) Ensuring enhancement and coordination among various activities of the institution and institutionalize all good practices;
 - c) Providing a sound basis for decision-making to improve institutional functioning;
 - d) Acting as a dynamic system for quality changes in HEIs;
 - e) Building an organised methodology of documentation and internal communication.

Monitoring Mechanism

- The activities of the IQAC are closely monitored by the members of the College Management Committee and the AQAR has been approved by them after due inspection and approval of the action taken report given in it.
- An exclusive window has been formed on the college website with details of the IQAC and the AQAR 2014-15 has also been uploaded in this section.

Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution in 2015-16

IQAC monitors research activities of each department through Research Advisory Board.

The college is in the process of developing ICT based independent research centres for each department connecting them to the Central Library so that research scholars may avail its facilities directly from their departments only.

IQAC motivates the faculty members and the students to organise and participate in research based seminars related to contemporary problems in their subjects and in the society as a whole.

Most of the departments have adopted the dissertation option in place of essay writing for the PG Final year students. And because Research Methodology is a compulsory course in their 1st Year, Dissertation writing helps the students in developing interest in research and in preparing themselves technically for Ph.D. Research program after their Masters.

49 out of the 55 permanent teachers in our college are recognized research guides. The remaining ones are pursuing their Ph. Ds.

**Computer, Internet access, training to teachers and students and
any other programme for technology up-gradation
(Networking, e-Governance etc.)
(2015-16)**

One year Diploma on Office Automation and E-Governance approved under the Community College Scheme of UGC.

One Year Year Diploma in BPO has been going on.

Another Bachelors' Programme B. Voc. in IT under the Kaushal Scheme of UGC has been started in this session.

Computer Centre / laboratories: Centralized e-learning centre with internet connectivity and net-working with library. E-class room to conduct different lectures for certified and diploma courses running in Computer Centre.

Modernization of classrooms with audiovisual facilities / e-classrooms: Three class rooms, four lecture theatres and seminar hall and one big auditorium is equipped with Data Projector Computer and Internet Connectivity with full screen.

Two Lecture theatres are fitted with interactive e-board with internet facility for e-teaching.

Smart Boards have been arranged for all the departments and now they use it instead of the regular black boards in the class rooms (mainly for the PG classes).

ICT-tools for teaching-learning procured under CPE like CDS / Software / interactive multimedia tools etc.:

- All the departments construct and deliver individual courses, delivery of power point, notes and submission of student work (file upload). Departments use Google, YouTube etc. sites for communication of learning materials, notes etc. Departments conduct Video conferencing, group discussion with other countries on certain topics.
- PG students of all the departments give their project and seminar presentations on Power Point. Every year Teaching & Non-teaching summer workshops are conducted to update and train them for their seat work and to develop working modules and e-lectures to be used in regular teaching online or offline.
- With Lane-networking students and staff can access Library catalogue in the departments also. On line objective Quiz are conducted by the department.
- Students of the departments of Zoology, Botany and Food Science etc. learn by seeing rare slides and other teaching materials through projectors cameras to see the small details of the sample which are not visible otherwise.

(Further Department-wise details are provided in Annexure 4b)

Contribution of IQAC in enhancing awareness about Student Support Services (2015-16)

IQAC has made all efforts in utilizing the following facilities created by the college as effective student support systems: like health center, guest house, canteen, grievance-redressal cell; students counseling and guidance cell; placement cell etc.:

- **Health Center / Fitness Centre:** There is a “Swasthya Kendra” which run under the guidance of Medical Committee, provides Allopathic & Homeopathic medicines to students as well as the teaching and non-teaching staff. It provides first aid in case of any injury. Students are taken to the near-by hospital under the supervision of a teacher in case of any serious problem with the recommendation of the doctor. The Medical committee organizes talks by specialist doctors on girls’ related problems. Camps for Dental checkup, Eye checkup, bone density, blood group, Hemoglobin etc. are organized. Medical committee takes remedial action whenever any new epidemic spreads like Swine Flu etc by distributing precautionary medicines to students, teachers & non-teaching staff.
- **Guest House:** A fully furnished small Guest house for occasional stay of ladies only is available.
- **Canteen:** College has a hygienically maintained canteen facility which provides tea, coffee etc along with fresh & cooked snacks.
- **Grievance Redressal Cell:** Most of the problems of the students are solved by the teachers and heads of the departments who are the members of Grievance Redressal Cell.
- **Proctor Board/Anti Ragging Cell:** Disciplinary problems are solved by Proctors & Chief Proctor.
- **Hostel Committee:** is referred for all the problems related to Hostel.
- **Academic & Career Counseling Cell:** The cell calls counselors from different and new avenues in the Global market for the students of different disciplines. The members of the cell bring cuttings of different advertisements of jobs/courses and put them on the notice board of the cell as well as on career corner in the library reading room. They arrange interviews/entrance tests conducted by different organizations for the selection for jobs. They guide the students appearing for interviews/presentations by applying on their own level.
- **Psychological Testing & Counseling Centre:** Guides students in selecting the right courses and also counsels them on their personal & socio-economic problems.
- **Cultural & Co-curricular Activities Cell:** For the over-all personality development of students the co-curricular & cultural activities cell organizes various cultural programs, competitions and inter university and are very essential, especially in a girls college. It helps in job placement also.

Human Resource Management (2015-16)

- Out of the main HRM practices recruitment and selection are conducted by the Higher Services Commission in case of permanent employees because our college is an aided U.P. Govt. College affiliated to the CCS University.
- Our management starts from man power planning, induction, socialization and training. The college management and the Principal along with the HODs and the Bursar make their best efforts in socializing the new recruits in the college atmosphere.
- All the academic staff members are motivated and supported in going ahead with their Career Development plans, including Orientation & Refresher Courses, seminars and workshops. The Compensation and Benefits part again is regulated by the Government rulings but no hindrance is created in allowing an employee's legal due.
- Their Performance Appraisals are noted in their service books by the Principal and feedback is taken from students and other related stakeholders by the Principal with help of the IQAC and department HODs.
- Regarding the Internal Mobility aspect there is no system of regular transfers in affiliated colleges but whenever the requirement for individual permanent transfer arises the Principal along with the management body do the needful, keeping in mind the college, students and the employee's benefits and loss.
- The grievance handling process is continuous in nature as we have a permanent grievance handling cell for the students and problems related to the academic and administrative staff are handled on a one to one basis. Also, the staff associations of both teaching and non-teaching employees as well as the students; union are very healthily active in the college getting their voice heard and action taken as soon as the problem arises.
- Regarding the employee-employer relationship, again as the recruitment process is from the Higher Services Commission basically all are government employees but a very healthy hierarchy system is maintained in our college with all the employees giving their right due to their posts and responsibilities assigned to them as well as to their superiors and subordinates and having very affable and smooth relationships with the management body.
- The overall effectiveness of human resources management practices in our college is shown in the work-culture, disciplined administration and democratic atmosphere in the college.

Action Taken Report

(2015-16)

IQAC team members are in regular contact with the Principal and College Management Committee to update them with the developments and progress made by the academic and administrative staff. They are also kept informed about the students' feedback and steps taken to solve their problems. They motivate the academic departments to accomplish their yearly plan of action well within the stipulated time and give its report timely to the IQAC.

Following is the summary of the activities undertaken by the college during the academic session of 2015-16:

- International, National and Regional level seminars were organized by IQAC and by various departments under grants by UGC, IRI and CE.
- Major & minor research projects were undertaken.
- Research work & publication of papers were encouraged and an atmosphere conducive to coordinate regular class room teaching with their research work activities was given to the faculty members.
- Almost every teacher from all departments attended international and national seminars and workshops organised by outside agencies and universities.
- Many post-PG students who have cleared their Ph.D. entrance exams have prepared ready-to-submit research proposals with the able guidance of their respective department faculty members. They undertook pre-Ph.D. courses initiated by the University.
- Teachers were encouraged to take part in Refresher and Orientation Courses.
- Many competitions were organised by the departments as part of the academic activities keeping the students' syllabi in mind, like PPT presentation of project works, symposia, group discussions, debates, extempore, quiz, creative writing – poem, short stories, essays in Hindi, English & Sanskrit, seminars, workshops, learned speakers' talks, celebration of national & international Days and festivals.
- A good many of co-curricular and extracurricular activities through inter-departmental and inter-collegiate competitions were organised in the college and a large number of students took part and won prizes in them.
- The units of NCC, Rangers and Sports students were given full support, facilities and encouragement to seek selections in state and national level presentations. Some of them did score well, like, went for Republic Day Parade screening test, won international, national, state and university level prizes and shields.
- Girls eagerly participated in community development programs organised by the Community Development Cell, NCC, and Rangers' units.

- Two new Self Employment courses ‘Office Automation’ and ‘E-Governance’ and BPO were initiated in the Community College scheme of the UGC.
- The Career Counselling Cell and the Students’ Welfare Association organised quite a number of industrial visits, MNC recruitment campaigns and training programmes.
- Departmental Associations organised study tours and guest lectures on topics related to their syllabi.
- Career-oriented short term courses initiated by the Computer Application and Food Sc. Departments as well as NIIT, were promoted by teachers by encouraging students in their class-rooms to take them up for becoming economically self-dependent.
- Traditional U.G. courses, B.A. & B. Com., were started by the distance education Special Study Centre for Women of IGNOU. This gave an opportunity to those students to study in our college who could not get their names in the online merit list of the University gateway of admissions. These courses also provided more subject combination options to students who were not able to get their choice subjects due to non-availability of seats or less marks. Again these UG courses allowed flexibility in time for those students who wanted to continue in their jobs simultaneously because we hold IGNOU classes only on non-working days like Sundays.
- The Computer Centre, Language Labs, Library and various departments purchased more Systems, Software, Books & Journals, Equipments, Chemicals and Glassware etc. from the maintenance and special grants for promoting quality work by the institution.
- A proposal for starting a separate Women Studies has been submitted to the UGC by the Home Science department.
- Regular renovations and furnishings, where required and needed were done and supplied. The whole college building structure (including the hostel premises) was repaired where damaged and was white washed.
- Special emphasis was given to adding seasonal flowers, medicinal plants, herbs and shrubs in the college compound. A lush lawn is maintained with two fountains working throughout the academic session.
- Hygienically prepared food items were served in the college canteen for the students and staff’s convenience. The hostel mess prepared healthy food for the students under able supervision of the Principal, Chief Warden and her assistants.
- Toilets have been made for the students and staff members on every floor and building block of the college. They were kept clean by the cleaning staff on an hourly basis.
- Drinking water was also made available to the college members through water purifiers fitted in the water-coolers on every floor and block of the college building. Overhead water tanks were cleaned on a weekly basis.

(Note: Teacher-wise & Department-wise details of this summary are given in Annexure No. 4a & 4b.)

Annexure 14 i & ii
(For Criteria VII for Point No. 7.2)

Two Best Practices of the Institution adopted in 2015-16

i. Best Practice in relation to Earn-while you Learn scheme:

- a) Aquarium and its maintenance
- b) Plant multiplication & water testing
- c) Adulteration testing and Kit preparation
- d) Jewellery designing
- e) Best out of wastes
- f) Interior decoration & designing
- g) Cooking Continental foods
- h) Diya making & candle making
- i) Herbal recipes

Students prepared these items in their respective departments and the earnings out their sale in college fairs and exhibitions were given to them.

ii. Best Practices in Employability Skills for the students:

- a) Some more add-on courses of computer, Translation Studies & others have been introduced.
- b) Personality development, spoken English etc. programmes have increased their confidence level.
- c) Additional tutorials are being given for preparation of competitive exams.
- d) Many certificate courses have supplemented with Diploma courses.
- e) Language Labs have been established for increasing the students' abilities in spoken & Communicative skills in English, Hindi & Sanskrit. These Depts. are running certificate courses to help the students to become good translators and seek other jobs related to language skills.

SWOT Analysis

(2015-16)

Strengths:

1. 65 out of 70 permanent teaching faculty members are Ph. Ds. Therefore a high level of research oriented culture exists in the college.
2. Ever since NET, SLET and pre-Ph.D. Entrance have become a compulsory requirement for seeking a teaching career in the higher education the teachers concentrate upon the aspiring PG students in channelizing their academic energies towards these competitions along with their degree exams.
3. Every student who takes admission here, no matter what has been her background has been becomes expert in the use of computer and internet facility.
4. More than 60% of students come from villages and towns with a rural background where opportunities to brush up their speaking and writing skills are less. Keeping this in mind, the college has language labs both in English & Hindi and courses like Communicative English and Journalism are taught here to encourage girls to enrich their communicative skills.
5. The spirit of inclusiveness is seen in the mutual social conduct of students and teachers because work, diligence and dedication are the three personality assets of this college. There is no differentiation in behaviour on the basis of caste, community or economic status even in the administrative staff and the 4th class employees of the college.
6. The college is centrally located in the town and within 2 km range from the three bus stands which makes it easily accessible to the girls.
7. It has a large hostel inside the college premises and as it is a girls college parents of students from distant cities feel very safe in leaving their wards here.

Weaknesses:

1. Sustainable non-government endowments.
2. Obtaining patents for science-based innovations.
3. International collaborations in continuum.

Opportunities:

1. Developing links with international research organisations.
2. Establishing Chairs of famous national & international academic legends.
3. Initiating an independent women-centric study centre and obtaining permission from the government and UGC to introduce courses directly related to women awakening, empowerment and entrepreneurship.

Threats:

1. Developing a career-oriented approach in the girls in accordance with the ever growing need for women-self-dependence.
2. Motivating the parents to allow choices of courses to their daughters according to the latter's aptitude and interest instead of forcing long-tested traditional courses upon them.
3. Getting all the vacant posts of teaching /non teaching staff permanently filled so that the departments / administration may function without a break and give better results.

PLAN OF ACTION FOR NEXT YEAR 2016-17

Mission:

- The college plans to impart all necessary information to the U.G. & P.G. students online all through the session.
- Each course's syllabus and chapters' outlines will be sent to them online.
- Information regarding each email sent to them would be given to them on their mobile numbers.
- Entire course work of UG & PG students will be organized through Virtual internet classes with the help of PPP through OHP and internet facilities.
- Tutorial, remedial classes will be taken for the academic assistance of the students and monthly tests will be organized for their self assessment.

Plan to put these mission and vision to action:

(a) Courses & Teaching Learning methods:

- All the class-rooms are to be converted to smart AC class rooms with internet facilities for latest way of e-Teaching and learning.
- Computer Lab for each department for easy and frequent excess of e-facilities.
- Complete transfer of course material on departmental mail and problem solving method online.
- Enrichment of Labs with equipments and other experimental materials.
- Establishment of Art Gallery.
- Establishment of GIS-devises.

(b) Employability Skills Development Programmes:

- Some more employability enhancing Skill Development Programmes as add-on courses in computer application, Translation Studies & others will be introduced.
- Personality development, spoken English etc. programmes will be introduced to increase the confidence level of the students.
- Faculty members will be motivated to take additional classes to coach students for competitive exams.
- Convert most of the certificate course to Diploma Courses.

(c) Research & Extension programmes:

- New equipments, books & journals will be added to increase output of research in terms of Ph.D. students and publication of papers.
- Organizing seminars workshops & conferences.
- Extension activities like Rural Women Empowerment Programmes, Community Health & Nutrition, Environment Awareness Management, and Psychological Testing & Counselling Centre will be undertaken.

- Extra Curricular & Cultural activities will be organized to help in the all round-personality development of the students and to add to their qualification for improving their employability.

(d) Institutional Quality Enhancement activities:

- Establishment of smart Laboratories.
- Enrichment and training of teachers to work as resource-persons for other organizations.
- Maximum employability of the students.
- Entry of students in IAS, PO etc. exam.
- Exceptional results in all academic, research and co-curricular activities like sports, NCC, NSS, Rangers and Cultural activities.
- Link the college, college-library and all the departments independently with other colleges and the University on line.

(e) Innovative programmes to nationalize/internationalize the institution:

- Encouraging faculty members to take part in the exchange of faculty programme with other colleges.
- Motivating them to contribute research papers in international seminars and conferences and to attend them if opportunity arises.
- To collaborate with and benefit from NGOs, MNCs and other national and international institutions promoting innovative practices in higher education programmes.
