5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

4-5 Students from each department of the College are members in the Proctorial board and students welfare committee where the act as prefects and representatives of other students in the college. Also they serve as a medium for exchange of information to and fro from the students and college discipline as well as grievances of the students. These students further act like a mentor

to the junior students and guide them wherever needed. Around 10- 12 students are also involved as members of the departmental Associations where they are assigned responsibility to conduct various academic and extra- curricular activities. Duty elected student's council of the college could not be formed from 2016-17 onwards as the state government was not in favour of it. Earlier the students in the student council were elected according to the norms of Lyngdoh Committee. The total students in the college are thus a part of various academic and administrative committees of the institution either directly as student members or indirectly as participants in the activities conducted by these committees thus fostering their overall development.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

Since its establishment, the college Alumni Association has been working on the same goal of fetching more and more old students to the platform, so that their rich experience and knowledge can be utilized and shape the future of the college students. • The Alumni Association aims to get maximum involvement of its members. For that, the association organizes various events from time to time to enhance the knowledge of the college students. Some of the activities are as follows: Guest lecture by the Alumni. • The association collects books from Alumni to help needy students. They donate books to college library. • The association always includes Alumni in all extra-curricular activities. • The college gets great support in terms of funds for Trophies/Medal/Scholarship for meritorious students, all departments organize Alumni assisted programs for its students to promote extra curricular activities. • Qualified Alumni are invited to conduct NET/ JRF classes for meritorious students of the college. • The association invites / takes suggestions/ recommendations from old students and put it on the table of authorities of policy making to consider their opinion and include it in the plan, if they find it worth to implement. • The Alumni Association comprising of Office Bearers and Executives has around 365 members.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

At the decentralized level, the college and the departments have full authority and responsibility for the implementation of rules and regulations prescribed by the U.P. State Government, UGC and CCS University (Meerut). To implement administrative and academic activities during the session, the college distributes the power at various levels. The Principal is the chief executive and the chief academic head for all the decision making in the academic session. Some features of decentralization and participative management are as follows: • The college has many organizing committees for its activities such as student welfare association, women cell, career counselling cell, sports committee, library committee, cultural committee etc. The in-charges of the

committees are free to formulate their academic and cultural activities. The implementation power is vested in the in-charges of the committees. • IQAC plays an important role in maintaining, monitoring and improving academic atmosphere in the college. IQAC regularly conducts meetings with the Principal and faculty members. • The IQAC also gathers information and documents related to all the academic and co-curricular activities. • NCC, NSS, and Rover rangers' activities are also adhered to decentralized power. Their in charges are free to select the venues and schedule of parade/ social work for their activities within and outside the college campus. • B. Vocational courses are coordinated and supervised by the respective in-charges who are responsible for conducting examinations. • The college also runs IGNOU Centre. The coordinators and co-coordinators are responsible for the admissions, providing study material to the students and conducting exams of the said centre.

6.1.2 – Does the institution have a Management Information System (MIS)?

No

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	• Admissions of UG PG students in traditional courses are done through online registration at the university portal. • The University makes the merit list and sends it to our college according to the preference of the students. • Our admission committee closely checks the students' original documents and helps them in choosing the subjects of their choice according to their merit and availability of seats in the departments. • The entire process is transparent and computerized.
Industry Interaction / Collaboration	Students and teachers are continuously engaged with different organizations to promote collaborative learning to provide multi layered experience of learning. Students of food science Quality control are sent for "one month on the job training" in different food industries. Home science students are taken to different Textile industries and Tinned food factories for Industrial visit. Chemistry students are taken to different drugs, chemical, sugar, leather industries. Students of drawing department are taken to various art Galleries. Zoology students are taken to Fishery farms.
Human Resource Management	Out of the main HRM practices, recruitment and selection of permanent employees is conducted by the Higher Services Commission, since our college is an aided U.P. Govt. College affiliated to the CCS University. • The

management is responsible for manpower planning, socialization and training of the new recruits. The college management and the Principal along with the HODs and the Chief Administrative officer make their best efforts in making the new recruits comfortable in the college atmosphere. • All the academic staff members are motivated and supported in their Career Development plans, including Orientation Refresher Courses, seminars and workshops. The Compensation and Benefits part again is regulated by the Government rulings but no hindrance is created in allowing an employee's legal due. • Their Performance Appraisals are noted in their service books by the Principal and feedback is taken from students and other related stakeholders by the Principal with the help of IQAC and department HODs. • Regarding the internal mobility of the faculty, there is no system of regular transfers in affiliated colleges but whenever the requirement for individual permanent transfer arises, the Principal along with the management body do the needful, keeping in mind the college, students and the employee's benefits and loss. • The grievance handling process is continuous in nature as we have a permanent grievance handling cell for the students and problems related to the academic and administrative staff are handled on a one-to-one basis. Also, the staff associations of both teaching and non-teaching employees as well as the students union are very active in the college getting their voice heard and action taken as soon as the problem arises. • Regarding the employee-employer relationship, again as the recruitment process is from the Higher Services Commission basically all are government employees but a very healthy hierarchy system is maintained in our college with all the employees given their rights due to their posts and responsibilities assigned to them as well as to their superiors and subordinates. They have a very affable and smooth relationship with the management body. • The overall effectiveness of human resource management practices in our college is shown in the work-culture, disciplined

	administration and democratic atmosphere in the college.
Library, ICT and Physical Infrastructure / Instrumentation	• The College Library has almost 102,087 books with more than 65,000 titles, 2000 textbooks, 210 journals, 70 e-books, 15 newspapers and 37 competitive exam journals managed by ILMS Software Alice Version 6.00. It has the INFLIBNET DELNET facilities. • All departments are aligned to the Central Library online. • The Central Computer Lab is fully equipped with around 100 computers and an equal number of them are, in total, in all the departments for the use of student's research work. • All three Languages Lab are established and working. • Each department has its own seminar room with two class rooms each for holding UG PG classes along with separate Lab facilities in the Practical Depts. • Water coolers with purifiers are available for students on each floor. • There are toilets for students in each building block. • There is a centrally air-conditioned auditorium equipped with the latest audio-visual infrastructure and light system with a wall height power-point smart board projector. • There is a large seating area in the canteen and benches are placed in the walking area of the college for the convenience of the students. The college has a three-floored hostel inside the college campus with 250 beds, a common room, yoga Kendra, a fully equipped gym, health care center, a prayer room, a Doctor who is available on call for students' benefits. There are courts for games like basketball, badminton and volley ball. A separate room for indoor games is also there in the college. • A guarded parking lot is there for the convenience of the students and teachers. • Being placed in the center of the city and within two kilometers range from the two bus stands it is easy for the students to commute daily from nearby villages.
Research and Development	Most of the departments have 'Dissertation' as a compulsory paper for final year PG students. Where it is optional, teachers motivate the students to take it so that they become acquainted with the research techniques and methodology before entering a

	research programme. Teachers themselves continue to attend refresher courses, national and international research-oriented seminars and conferences and contribute papers to them. Teachers are also encouraged to apply for UGC and ICSSR sponsored minor and major projects and Post-Doctoral fellowships. Each department has its own rich research library available to the students and fellow teachers for the whole academic session without any fee. Doctoral and Post-doctoral Fellowship students who join the department also teach and associate with PG students to help them compete for the JRF, NET, SLET and Pre-Ph.D. entrance Test.
Examination and Evaluation	Examination and Evaluation: Along with the university annual and semester exams for the undergraduate and postgraduate programmes respectively, the college holds monthly tests, quizzes and hourly programmes according to each department own schedule. Internal exams for the PG students are also conducted twice in each semester and viva voce exams are conducted at the end of each semester. Continuous evaluation by these methods helps the students to know their weaknesses and drawbacks and teachers help them through tutorials and extra classes, many times on one to one level as well.
Teaching and Learning	ICT, modern audio-visual aids (mainly PPT presentations) and use of smart boards by faculty members helps in disseminating knowledge to students in an interesting and captivating manner. National and international seminars, workshops and panel discussions develop confidence among students coming from various rural urban backgrounds to get in tune with the latest knowledge available in their fields.
Curriculum Development	Curriculum Development : The college follows a curriculum set by the CCS University as it is affiliated to it but some senior faculty members are part of University's Board of Studies and Academic Councils of different subjects so they contribute in its development according to the ever-changing demand and need of the industry and society. ICT, Communicative English, Physical Education, Computer Application, Food Sc., B.Voc. in IT, Yogic Science and

	Clinical Psychology were added to the University curriculum as a result of efforts of the faculty in the same direction. This year i.e. 2020 with the New National Education Policy the college is working on it and planning new skill enhancement courses for the students to train them for various skilled jobs. The college is also planning to have industry the- ups for internship in various regular courses for students.

6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Planning and Development	The college has taken adequate measure to integrate e governance in planning and development. College library has been digitalized through Alice software of 6.00 version to facilitate students with all the study material at a single click. Library is running on SOUL software of INFLIBNET. High speed internet facility is available in college for teachers and students. Smart classes are available for students. We have finalized to digitized same of the rare books of our library and now on the verge of getting totally damaged.
Administration	The college is conscious about the use of e governance in administration and with the help of ICT connects with all the stake holders. The college sends all notices related to college through Whats App group of teaching and nonteaching staff to improve flow of circulation of information. It also communicates with affiliating university, with regional higher education officer/ Directorate through mails. College uses CCTVs for monitoring to ensure safe environment in college.
Finance and Accounts	The college makes best use of ICT in financial accounting. Salary of staff is prepared using Tally and Excel to minimize mistakes and wastage of papers. The college receives financial assistance through PFMS (Public Financial Management System) so transparency can be maintained in accounts. TDS deposit is also done in online mode to make things easy to handle. It also provides online fee deposit facilities to students. GPF is also done on online platform via GPF

	Calculation system version 1.0 software of the UP-Govt. Service through Manav Sampada portal the details of the permanent teaching and non- teaching faculty have also been uploaded so that from now awards the details of the permission of the retiring employers is readily available.
Student Admission and Support	Student Admission and Support : Our college has made all efforts in utilizing the following facilities created by the college as effective student support systems: like health center, guest house, canteen, grievance-redressal cell students counseling and guidance cell placement cell etc.: • Health Center / Fitness Centre: There is a "Health care Centre" which runs under the guidance of Medical Committee and provides Allopathic Homeopathic medicines to students as well as to the teaching and non-teaching staff. It provides first aid in case of any injury. Students are taken to the near-by hospital under the supervision of a teacher in case of any serious problem. Special covid- 19 desk was formed Mental counselling online offline was done for students during and after Covid- 19 and was displayed on the website. The Medical committee organizes seminars by specialist doctors on women health. Camps for Dental checkup, Eye checkup, bone density, blood group, Hemoglobin etc. are organized. Medical committee takes remedial action whenever any new epidemic spreads like Swine Flu etc. by distributing precautionary medicines to students, teachers non-teaching staff. • Guest House: A small fully furnished Guest house for occasional stay of female guests is available. • Canteen: College has a hygienically maintained canteen facility which provides tea, coffee etc. along with freshly cooked snacks at reasonable rates. • Grievance Redressal Cell: Most of the problems of the students are solved by the teachers who are the members of Grievance Redressal Cell in consent with the Dean of Student Welfare, Chief Proctor and Principal. • Women Power Cell and Anti Sexual Harassment Cell looks into the cases of sexual harassment faced by the students, teaching and non-teaching staff. • Proctor Board/Anti Ragging Cell: Disciplinary problems are solved

	by Proctors and Chief Proctor. Ragging is strictly banned in the college promises. • Hostel Committee: is referred for all the problems related to Hostel. • Academic Career Counseling Cell: The cell calls counsellors from different and new avenues in the Global market for the students of different disciplines. The members of the cell bring cuttings of different advertisements of jobs/courses and put them on the notice board of the cell as well as on career corner in the library reading room. They arrange interviews/entrance tests conducted by different organizations for the selection for jobs. They guide the students appearing for interviews/presentations by applying on their own level. • Psychological Testing Counselling Centre: Guides students in selecting the right courses and also counsels them on their personal socio-economic problems. • Cultural Co-curricular Activities Cell: For the over-all personality development of students the co-curricular cultural activities cell organizes various cultural programs and competitions.
Examination	All the work related to operation of exams is done online. Students fill their examination forms on university website and submit it to college. College confirms students through login id provided by university. The college regularly sends video of opening of exam paper through mail and what's app. CCTVs are used for monitoring of students

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

The College demonstrates a balance in academic and life training programme and provides opportunities to its students to strengthen their bond with the society. The NCC, NSS, Rover Rangers programmes inspire the students to develop a sense of social responsibility. These programmes encourage the students to look beyond the boundaries of class rooms and enable them to take up challenges in their life. It helps to facilitate self-growth, self-worth and actualization of potential of the students. The college also promotes the use of technology in the process of learning. The smart boards in all lecture rooms, allow teachers to advice and guide students through videos and ppt. The audio-visual aids assist the teachers to enable students to understand their syllabus in the light of wider perspectives. The college nurtures the students in such a way that they choose the right path to walk in life, Because the college has "Something to offer to every student and every student deserves a nurturing learning environment." -(IIhan Omar)

The mission of the college is to provide all the students a comprehensive and robust preparation for life. Keeping in view that everyone wants to live well and earn a living, the college is running professional/ vocational courses: for the students. The college has three vocational courses approved and recognized by the affiliating university namely B.Voc in Applied Clinical Psychology, in Information Technology and in Yogic Science. Besides this, the college is running Food Science and quality Control and Computer Application course for its students that gives ample job opportunities. NIIT centre in the college offers certificates and Diploma courses in computer programming and hardware development. The above courses provide great opportunities for placements in various field to its students, governance office automation. Infrastructure: The college has a state of art infrastructure for the conducive environment of teaching and learning. For ICT enabled teaching each class room is equipped with smart board and whole of the campus is wi-fi. Every department has its own computers for its students to serve the web and assess knowledge from different website for their research work. The Library of the college is fully digitalized to meet the necessity. For better understanding of the language and its grammar the college has established a language lab to teach the pronunciation and accent of language to literary students. Fulfilling its promise for green initiative the college has installed a solar power system and rain water harvesting unit. A medicinal plant nursery is also setup under the aegis of Botany Department. For the safety and security of students the whole campus and hostel is under the surveillance of CCTV cameras. For the hygiene and comfort of the students the college has installed sanitary pad vending machine and incinerator. The college has sufficient number of ramps, toilets and a lift for the convenience of the differently able students. The college provides Hostel facilities for more than 200 students with mess and laundry facilities. Keeping in view the healthy practices for citizens, the college has a well-equipped GYM for faculty and students.
