केचुओं की मदद से जैविक अपशिष्ट पदार्थ को खाद में जा सकता है बदला

● जनवाणी संवाददाता, मेरठ

आरजी पीजी कॉलेज के वनस्पति विज्ञान विभाग की प्लांट कंजर्वेशन सोसायटी द्वारा चल रही पांच दिवसीय कार्यशाला के तीसरे दिन वर्मीकंपोस्टिंग व एरोपोनिक्स का प्रशिक्षण प्रतिभागियों को दिया गया। इस कार्यक्रम के रिसेर्स पर्सन डॉ. अशोक कुमार रहे। सीपीआरआई मोदीपुरम के मुख्य तकनीकी अधिकारी ने वर्मीकंपोस्टिंग की पूरी जानकारी देते हुए बताया कि यह केचुओं की मदद से जैविक अपशिष्ट पदार्थ को खाद में बदला जा सकता है। ये केचुए इसिनिया आदि और आइसेनिया फटीड प्रजाति के हैं, इसके लिए सबसे पहले कंपोस्ट वेड तैयार किए जाते हैं। फिर सूखे पत्तों की तरह भूरे रंग के कचरे की एक परत तली में बिछा दी जाती है। अगर हम अपने घरों में छोटे पैमाने पर ऐसा कर रहे हैं तो हम इस काम के लिए पेपर कटिंग या कार्डबोर्ड कटिंग आदि का उपयोग कर सकते हैं। उसके बाद जैविक कचरे की एक परत जैसे सब्जियों के छिलके और फलों और अंडे के छिलके का उपयोग बिस्तर पर दूसरी परत बनाने के लिए किया जाता है। यह जैविक कचरे में उत्पन्न सूक्ष्मजीवों को खिलाने के लिए बनाया गया है। गाय के गोबर का घोल भी डाला जाता है और 4 से 6 दिन के बाद इनोकुलम यानी केचुआ में डाल दिया जाता है और फिर सतह के ऊपर बगीचे की मिट्टी की एक परत भी बना दी जाती है। उपयुक्त तापमान और नमी की मात्रा का रखरखाव बहुत उपयोगी है तापमान 20-25 डिग्री सेंटीग्रेड होना चाहिए और नमी की मात्रा 82-85 प्रतिशत होनी चाहिए। दिन भरने तक समय-समय पर कचरा डाला जाता है और अंत में इसे कुछ भूरे कचरे से ढक दिया जाता है। पूर्ण अपघटन कुछ महीनों में होता है। 2-3 महीने बाद कंपोस्ट तैयार होता है। इसके बाद इसे सुखाकर धरु लिया जाता है और उपयोग के लिए तैयार किया जाता है। यह रचना पोषक तत्वों से भरपूर है और पौधों की वृद्धि के

आरजी में चल रही कार्यशाला के दौरान कंपोस्ट वेड तैयार करने की दी गई जानकारी

लिए बहुत उपयोगी है। इस कार्यशाला का दूसरा भाग एरोपोनिक्स का प्रशिक्षण था। डॉ. अशोक कुमार ने एरोपोनिक्स के बारे में पूरी जानकारी दी यह पौधों के विकास के लिए मिट्टी के उपयोग के बिना हवा और धुंध के वातावरण में पौधों को उगाने की एक प्रक्रिया है, पोषक तत्वों से भरपूर धुंध के माध्यम से एक पूर्व कार्यक्रम धुंध उत्पादन उपकरण द्वारा पोषक तत्व प्रदान किए जाते हैं। इस विधि द्वारा उगाए गए पौधों की जड़ प्रणाली अधिक मजबूत और स्वस्थ होती है, वे तीन गुना तेजी से बढ़ती हैं और कम जगह की आवश्यकता होती है, इसलिए घर के अंदर उगाने के लिए यह बहुत आदर्श है। डॉ. अशोक कुमार ने पालक के एरोपोनिक्स को बहुत सफलतापूर्वक विकसित किया। कार्यक्रम का संचालन डॉ. अनुपमा सिंह व डॉ. मधु मलिक ने किया। आरजीपीजी कॉलेज की प्रिंसिपल प्रो. निवेदिता मलिक ने अपना बहुमूल्य समय दिया, अपने बहुमूल्य सुझाव दिए और इस कार्यक्रम की बहुत सराहना की। निर्लेप कौर, एचओडी वनस्पति विज्ञान विभाग द्वारा सभी का धन्यवाद ज्ञापित किया गया। डॉ. गीता सिंह, डॉ. अमिता शर्मा, डॉ. गरिमा मलिक, संयोगिता, अनामिका ने इस कार्यक्रम में उत्साह पूर्वक हिस्सा लिया। इस्माईल कॉलेज की डॉ. रेणु अग्रवाल और कनोहरलाल कॉलेज की डॉ. बेबी दलाल ने भी अपने छात्रों के साथ भाग लिया। यह प्रशिक्षण आरजीपीजी कॉलेज मेरठ के नॉन टीचिंग स्टाफ को भी दिया गया। खाद के पैकेट छात्राओं और गैर शिक्षण स्टाफ सदस्यों को वितरित किए गए।

A REPORT
ON
NATIONAL CONFERENCE

(21 -22 December 2022)

Organized by
RAGHUNATH GIRLS' POST GRADUATE COLLEGE
MEERUT

TOPIC:

Induction Training for Teachers at Higher Education Institutions (HEIs):
Today's need for Enhancing Quality of Higher Education

Why this topic...

Teaching is an ethically and intellectually demanding profession. Teachers need rigorous preparation and opportunities for continuous professional development along with academic and professional support. Teachers in Higher Education usually join the teaching profession without measurable formal training in teaching methodology, learning psychology and classroom management. They develop teaching skills out of their own experiences or from experiences shared by colleagues in course of their teaching career. Because of this non formal and incoherent acquisition of knowledge of teaching learning paradigms, the mastery on pedagogy among the faculty suffers from inadequacy, whereas revolutionary changes have taken place in higher education. Also being a great researcher doesn't make a great teacher and vice-versa.

Further, despite becoming experienced in teaching, the teachers are not able to contribute significantly to the academic, administration and the overall development of their institutes, due to lack of -

- i) Awareness of the administrative structure, policies and governance of their institutes
- ii) Knowledge on roles & responsibilities of teachers
- iii) Training in student-counselling
- iv) Scope for empowerment and academic leadership

Therefore, a need was felt for newly recruited teachers in Higher Education to undergo training in modern methods of teaching and evaluation before they start teaching any course. Through this conference, an endeavour has been made to understand the need and importance of Induction training for newly recruited faculty as well as at the time of future promotions and the role of various stakeholders in the implementation process so as to achieve quality education in HEIs.

Hence this conference has been organized for detailed discussion on the subject.

SUB THEMES.....

- Importance & significance of Induction Training
- Why induction training is required at HEIs
- Induction training at every level of promotion
- Role of various stake holders viz. UGC, Universities etc
- How induction training will enhance quality of Higher Education
- Induction training v/s in-service training

Objectives of the Conference.....

- To develop the consciousness and awareness about Induction Training programme
- To prepare quality teachers who are well equipped with knowledge to keep pace with rapidly evolving classroom environment
- To bring paradigm shift in quality education at HEIs
- In addition to discussion on induction training, to deliberate upon other measures to achieve quality education in HEIs.

Deliberations during the Conference

First Day (21st December, 2022)

At the outset all the Guests were invited on the stage and the event started with lighting of the lamp by all the dignitaries and garlanding of the idol of Maa Saraswati. All the eminent personalities were then welcomed with saplings and then a college song was played.

In her welcome speech, Prof. Nivedita Malik, Principal of the College, expressed her gratitude towards all the guests present on the dais and especially the Chief Guest who has kindly consented to accept the invite with all his humbleness. She has further elaborated on the need of induction training for teachers at higher education institutions and has called upon all the dignitaries to share their views during next two days so that the policy makers be apprised of the conclusions of the conference as a next way ahead.

Addresses by Guests/Speakers

- In his inaugural address, Prof. Tripathi has emphasized the need of an ethical and quality teacher. He expressed that we need to select and recruit a committed, valuable and passionate teacher as a bad teacher can destroy the future generations as well. He also reiterated the saying -Let noble thoughts come to us from all directions. He also congratulated the college to have selected such a thought provoking topic and wished that the discourse during the next two days will definitely pave a way for the policy makers.
- In his special address, Prof. Gaur described a good teacher as one who listens from student's ear, sees from student's eye, and make path to achieve students aim. According to him a good teacher is like powerful neutron, if his direction is good, he makes good society but if his direction is wrong it leads to bad society. He specifies that communication is an art and every teacher should know it so they can communicate with students easily. Teacher should also be visionary.
- In his key note address Prof. Bhardwaj mentioned Pavlov who recognized that a neutral stimulus associates with a reflex response through

conditioning. For example, when a teacher claps out a pattern, students repeat the pattern while focusing their attention to the teacher. He also described the qualities of a good teacher like a teacher should be flexible in talking in every environment because he needs to talk to rural students as well as urban students. He expressed that nobody is complete, we all have to do little things to complete each other. Further a teacher must possess very good communication skills as everybody can communicate but only few can connect.

- In his key note address Prof. Rakesh Sharma has emphasized the need of a good induction programme as it can increase productivity, employee engagement, and retention and can help in reducing attrition and short-term switchover of teachers. He also added that Pre-service teacher education is the education and training provided to student-teachers before they have undertaken any teaching. In contrast, in-service teacher education provides learning opportunities for practicing teachers. The goal is to cultivate a professional attitude toward teaching and learning and working with others such as students, parents and colleagues.
- In his key note address Prof. Dinesh C Sharma has told that after arrival of NEP, teacher training is necessary. Main goal of NEP is holistic education. He emphasized the need of Information technology by stating that it is necessary for enhancing the quality of education. However, Information technology can never replace a teacher. He further told that a teacher should need to know the use of social media for guiding the student.

Takeaways from the first day

The takeaways from the first day sessions were summarized by Prof. Bhardwaj, who thanked every speaker on the dais for their valuable inputs and thoughts over the topic. He praised the speakers for providing minute details on the need of induction training and expressed that today's deliberations will enrich him personally and also every person present in the conference for time to come.

The day concluded with felicitation of all the Guests.

Second Day (22nd December, 2022)

The event on the second day also started the same way as it was done on the previous day. First lighting of the lamp was done by all the dignitaries. All the eminent personalities were then welcomed with saplings and then a college song was played.

A briefing on the technical sessions held on the previous day was given to all the participants and further deliberation started thereafter.

Addresses by Guests/Speakers

- In his special address Prof. Beer Pal Singh has explained in detail about the features in NEP 2020 viz education for all, accountability for all, equity for all, quality for all, affordability for all which lead to imparting quality education to all. He has also elaborated on the structure of NEP 2020 and objectives of the same. He has emphasized the need of learning ICT tools for all the new as well as existing teachers to bring in quality in their teaching.
- In his key note address Dr. Alok Verma has conveyed that for imparting quality education a teacher needs to learn pedagogy, learn how to teach student, think at student level, should believe in dialogue not in monologue. Further a teacher needs to equip himself by ICT tools and should attend ICT (Information communication technology) awareness program. Teacher should learn how to use technology in education like giving lecture through PPT. He has put an acronym for quality of a good teacher i.e. BHAG [B stand for behaviour, H stand for hard work, A stand for attitude, G stand for goal].
- In his key note address Prof. SVS Rana has emphasized the following points-familiarize the inductees with policies and practice; to provide opportunity for inductees to analyse and reflect on their teaching with coaching from veteran teachers; to provide continued assistance to face the challenges of new teachers and to cultivate professional attitude toward teaching and learning.

Takeaways from the second day

The takeaways from the two days conference were summarized by Prof. Nivedita Malik, patron of the event. She appreciated the different speakers for their valuable comments and insight into the topic. She emphasized the need of passion, ability to learn by self, time to time introspection, as a quality of a good teacher. She told that in addition to a formal induction training, an informal self induction training is need of the hour. With this she thanked every speaker and all present in the conference for very constructive interaction during the two days conference.

The day concluded with felicitation of all the Guests and inviting suggestions from all the participants for further improvement in conducting such conferences.

Interactive Sessions

On both days of the National Conference, all the addresses by the Chief Guest, Guest of Honour and eminent speakers were followed up by interactive sessions which were moderated by the Organizing Secretary, Dr. Anuja Agrawal. All the students and faculty present during the inaugural and technical sessions have raised their pertinent questions and were replied by the dignitaries to whom the respective questions were posed.

- ✓ From a very active and enthusiastic interaction between the students/faculty and the eminent Guests/Speakers, it emerged that everybody feels a need of Induction training for the teachers at HEIs so that the real objectives/aims of Higher Education could be achieved.

Recommendations for future action

- More such formal and informal discussions are required to prepare the minute details like format, content and duration etc. on Induction Training programs.
- The findings of this conference should be shared with the policy makers to make them realize the importance and need of Induction Training at HEIs.
- A detailed road map for implementation of induction training program should be prepared in consultation with the policy makers.

Education is a tool which helps to uplift moral, social and democratic values in the students. Eternal values such as unity, integration, self-dignity and national pride help an individual to contribute in shaping the future of the country. With this vision in mind, Mrs. Kripa Devi conceived the idea of an educational institution for girls and laid the foundation of Raghunath Girls' (P.G.) College under Kripa Devi Trust and Society on Feb. 27, 1929 with the noble aim to promote women's education in the area. The institution started with 5 students and has ever since progressed to become a pioneer and reputed institution of Meerut city, having a strength of nearly 5000 students as on date. Today it stands high being declared as one of the best girls colleges in the state of Uttar Pradesh, having completed four cycles of NAAC accreditation so far. Out of these four, the college has been accredited 'A' grade for two times and has been recently accredited 'B+' grade with the score of 2.53 and has been awarded status of College of Excellence (CoE) by UGC in 2014.

ABOUT THE CONFERENCE

Teaching is an ethically and intellectually demanding profession. Teachers need rigorous preparation and opportunities for continuous professional development along with academic and professional support. Teachers in Higher Education usually join the teaching profession without measurable formal training in teaching methodology, learning psychology and classroom management. They develop teaching skills out of their own experiences or from experiences shared by colleagues in course of their teaching career. Because of this non formal and incoherent acquisition of knowledge of teaching learning paradigms, the mastery on pedagogy among the faculty suffers from inadequacy, whereas revolutionary changes have taken place in higher education. Also being a great researcher doesn't make a great teacher and vice-versa.

Further, despite becoming experienced in teaching, the teachers are not able to contribute significantly to the academic administration and the overall development of their institutes due to lack of i) awareness of the administrative structure, policies and governance of their institutes, ii) knowledge on roles & responsibilities of teachers, iii) training in student-counseling and iv) scope for empowerment and academic leadership. Therefore, there is a need for newly recruited teachers in Higher Education to undergo training in modern methods of teaching and evaluation before they start teaching any course.

Through this conference, we are endeavoring to understand the need and importance of Induction training for newly recruited faculty as well as at the time of future promotions and the role of various stakeholders in the implementation process so as to achieve quality education in HEIs.

Hence, this conference is being organized for detailed discussion on the subject. On this occasion, we invite academicians, educationalists, learning enthusiasts etc., to discuss their viewpoints and researches on the following sub topics and also to take forward their valuable feedback and suggestions to the decision-policy makers for furtherance of our endeavours:

SUB THEMES

- Importance & significance of Induction Training
- Why induction training is required at HEIs.
- Induction training at every level of promotion
- Role of various stake holders viz. UGC, Universities etc

Objectives of the Conference

- To develop the consciousness and awareness about Induction Training programme
- To prepare quality teachers who are well equipped with knowledge to keep pace with rapidly evolving classroom environment
- To bring paradigm shift in quality education at HEIs
- In addition to discussion on induction training, to deliberate upon other measures to achieve quality education in HEIs.
- To brainstorm the ideas and innovative suggestions from the esteemed participants for enhancing the quality of higher education.

राष्ट्रपति शत्रुघ्न सिन्हा के द्वारा कोविड में दो दिवसीय राष्ट्रीय सम्मेलन का आज आगाज हुआ। इसका विषय था 'दिली स्तर पर शिक्षकों के लिए बेहतर परीक्षण उच्च शिक्षा की गुणवत्ता बढ़ाने की आज की आवश्यकता'। कार्यक्रम की शुरुआत विद्यालय गान तथा दीप प्रज्वलित करके की गई। महाविद्यालय की पानाचौ घोषणा में निवेदिता मलिक ने सभी प्रतिभागियों का स्वागत किया तथा राष्ट्रीय सम्मेलन की साधकता को समझाते हुए वर्तमान में उच्च शिक्षा की गुणवत्ता को बढ़ाने में शिक्षकों के परीक्षण पर जोर दिया।

सच का संचालन कार्यक्रम की सयोजिका डॉ० अनुपमा सिंह द्वारा किया गया। इस राष्ट्रीय सम्मेलन के विशिष्ट अतिथि पो० गिरीश चंद्र त्रिपाठी, अध्यक्ष उत्तर प्रदेश उच्च शिक्षा परिषद ने अपने उद्घाटन भाषण में कहा कि शिक्षक और छात्र सभी को सबसे पहले भारत के दर्शन और उसके वास्तविक अर्थ को समझने की जरूरत है। नैतिक मूल्यों के बिना शिक्षा का कोई अर्थ नहीं। समाज को चलाने के लिए पैसे से ज्यादा ज्ञान की आवश्यकता है। शिक्षा से ही अच्छे समाज का निर्माण होता है। भारत की उन्नति के लिए शिक्षा देने वाले शिक्षकों का व्यवहारिक सहज सरल में पूर्ण रूप से प्रशिक्षित होना आवश्यक है। अधिकार की बात सब करते हैं लेकिन कर्तव्यों की नहीं। मस्तिष्क के साथ-साथ दिल में भी नियमों का पालन करने के लिए सभी शिक्षकों को तैयार रहना चाहिए। हमें ऐसा समाज तैयार करना है जिसमें परिवार की भावना हो भारतवर्ष की संस्कृति में बदला लेने के संस्कार नहीं हैं। शिक्षा के क्षेत्र में चरित्रवान शिक्षक ही चयनित होने चाहिए। भारत को विश्व गुरु बनाने की जिम्मेदारी शिक्षकों की है तथा चयनित शिक्षकों की समय-समय पर ट्रेनिंग आवश्यक है। सजग होना जरूरी है क्योंकि दुष्ट लोगों की सक्रियता से अधिक सज्जन लोगों की निष्क्रियता समाज में गिरावट के लिए जिम्मेदार है। रिटायरमेंट के बाद भी शिक्षकों को शिक्षा के क्षेत्र में निस्वार्थ भाव से सेवा देते रहना चाहिए।

सरदार वल्लभ भाई पटेल एग्रीकल्चर यूनिवर्सिटी मेरठ के पूर्व कुलपति प्रोफेसर (डॉ०) एच. एस. गौर जी ने सभी को संबोधित करते हुए कहा कि दूसरों में सुधार चाहने से पहले हमें स्वयं को सुधारना चाहिए। असली शिक्षक बनने के लिए पहले एक मोमबत्ती की भाती पहले स्वयं का प्रचलित होना जरूरी है तभी हम दूसरों को प्रज्वलित कर पाएंगे। इस लिए हमेशा एक शिक्षक को एक छात्र की भाती सीखते रहना चाहिए। विद्यालय सरकारी है या प्राइवेट इससे फर्क नहीं पड़ता, फर्क इस बात से पड़ता है कि शिक्षक कैसा है। अच्छा शिक्षक वह होता है जो विद्यार्थी की आंखों से देखे, विद्यार्थी के कानों से सुने और अपने आप को विद्यार्थी के शिक्षा ग्रहण करने की क्षमता को समझकर शिक्षा दे। अच्छा शिक्षक विद्यार्थियों को प्रेरित करने वाला हो, विद्यार्थियों को स्लो लर्नर, एवरेज व फास्ट लर्नर में विभाजित

हुए शिक्षा दे। शिक्षक को हमेशा अपने आपको अपग्रेड करते रहना चाहिए। ए०पी०आई० की बजाय अच्छे शिक्षक को उसके शिक्षण गुणवत्ता के आधार पर प्रमोशन मिलना चाहिए।

दिल्ली विश्वविद्यालय में इतिहास विभाग के अध्यक्ष प्रो० विनय भारद्वाज ने कहा कि सभी को जितना भी जहा भी सीखने का मौका मिले सीखते रहना चाहिए। विद्यार्थियों को केवल कक्ष वाली शिक्षा ही नहीं बल्कि कक्ष में निकल छात्र छात्रों को उनकी रुचि के अनुसार भी शिक्षा देनी चाहिए। प्रत्येक शिक्षक को अंग्रेजी व हिंदी दोनों भाषाओं में पढ़ाना चाहिए। प्रत्येक विषय को वर्तमान समय की आवश्यकता से जोड़कर पढ़ाया जाना चाहिए। साथ ही प्रत्येक शिक्षा संस्थान के शिक्षकों को नियमावली का पूर्ण ज्ञान होना आवश्यक है। संस्थान की बेहतरी के लिए प्रत्येक शिक्षक को अपना बेहतर से बेहतर देना चाहिए। बेहतर यह नहीं है कि संस्थान शिक्षक को क्या दे सकता है बल्कि बेहतर यह है कि शिक्षक संस्थान को क्या दे सकता है।

माछरा डिग्री कॉलेज के शिक्षा संकाय में एसोसिएट प्रोफेसर डॉ० राकेश शर्मा ने बताया कि शिक्षकों को नौकरी मिलने से पहले के साथ-साथ नौकरी में आ जाने के बाद भी समय-समय पर प्रशिक्षित होते रहना अति आवश्यक है। विद्यार्थी का विषय में कमजोर होना विद्यार्थी की ही नहीं शिक्षक की भी असफलता है। विद्यार्थियों की जरूरतों को यदि पूरा किया जाएगा तभी उनकी उपस्थिति शत प्रतिशत होगी। शिक्षण कला में निपुण शिक्षक ही छात्रों के अंदर छुपी प्रतिभा को बाहर निकाल सकते हैं। चौका देने वाला आंकड़ा कहता है कि केवल 26.3% बच्चे उच्च शिक्षा हासिल कर पाते हैं। शिक्षकों को इंडक्शन प्रोग्राम के द्वारा और अधिक सक्षम बनाया जा सकता है। सिखाने से ज्यादा सीखना ज्यादा आवश्यक है। एफ० आई० पी० के संस्थानों के बारे में विस्तार से बताया। आइ. क्यू. ए. सी. भी इंडक्शन प्रोग्राम संस्थानों में करा सकती है।

कु. मायावती गवर्नमेंट गर्ल्स डिग्री कॉलेज बादलपुर के जंतु विज्ञान विभाग के अध्यक्ष प्रोफेसर दिनेश चंद्र शर्मा ने कहा कि नव चयनित शिक्षकों को अपने सीनियर शिक्षक से हमेशा शिक्षण कार्य प्रणाली को समझते रहना चाहिए। इनफॉर्मेशन टेक्नोलॉजी कभी भी शिक्षक का रोल खत्म नहीं कर सकती। ऑरियंटेशन तथा रिफ्रेशर कोर्स का उद्देश्य प्रमोशन नहीं बल्कि शिक्षक को बेहतर बनाने के लिए होता था। आने वाले समय में जल्दी ही इंडक्शन प्रोग्राम सभी के लिए आयोजित होंगे जो विषय, तकनीक व आयु आधारित होंगे। यह प्रोग्राम ऑनलाइन तथा ऑफलाइन दोनों मोड में होते हैं। अलग-अलग इंडक्शन प्रोग्राम में अलग-अलग कौशल प्रशिक्षण होंगे जैसे तकनीकी प्रोग्राम में ई-कंटेंट बनाना, ई-कंटेंट लोकल भाषा में बनाना आदि। मूल्यांकन सभी का होना चाहिए चाहे नव चयनित शिक्षक है या सीनियर शिक्षक हो।

प्रत्येक तकनीकी सत्र के बाद सभी विशेषज्ञों से प्रश्न उत्तरों का भी सत्र रहा जिसमें सभी ने अपने प्रश्न किए तथा विशेष रूप से छात्रों ने भी आगे बढ़ कर प्रतिभागिता की ओर और अपने भी विचार रखे। इस राष्ट्रीय सम्मेलन के आयोजन में महाविद्यालय की डीन डॉ० रीनू जैन, आइ० क्यू० ए० सी० कोऑर्डिनेटर डॉ० नीना बत्रा, कन्वीनर डॉ० कल्पना चौधरी, कन्वीनर डॉ० अनुपमा सिंह, चीफ प्रॉक्टर डॉ०

मि सिंह , ऑर्गेनाइजिंग सेक्रेट्री डॉक्टर अनुजा अग्रवाल तथा डॉ अर्चना रानी, डॉ सुनीता सिंह, श्रीमती आरती शर्मा, डॉ० सीमा अग्रवाल, डॉ० सीमा गुप्ता, डॉ० शिवानी त्यागी, डॉ मीनाक्षी जैन , डॉ० शुभम त्यागी आदि सभी का सहयोग रहा।

रघुनाथ गल्स पोस्ट ग्रेजुएट महाविद्यालय मेरठ के तत्वाधान में कल दो दिवसीय राष्ट्रीय सम्मेलन का आयोजन किया गया जिसका विषय था "डिग्री स्तर पर शिक्षकों के लिए प्रेरणा प्रशिक्षण : उच्च शिक्षा की गुणवत्ता बढ़ाने की आज की आवश्यकता।" जिसमें आज राष्ट्रीय सम्मेलन के दूसरे दिन के कार्यक्रम का सफल आयोजन हुआ। कार्यक्रम की शुरुआत विद्यालय गान से की गई। महाविद्यालय की प्राचार्य प्रो० (डॉ०) निवेदिता मलिक तथा सम्मिलित सभी अतिथि गणों ने मां सरस्वती के आगे दीप प्रज्वलित करके कार्यक्रम का शुभारंभ किया। मंच का संचालन कार्यक्रम की संयोजिका डॉक्टर अनुपमा

द्वारा किया गया इस राष्ट्रीय सम्मेलन के दूसरे दिन विशिष्ट अतिथि के रूप में बुदेलखंड विश्वविद्यालय झांसी के पूर्व कुलपति प्रोफेसर एस० वी० एस० राना जी रहे। कार्यक्रम में तकनीकी सत्र के लिए मुख्य वक्ता के रूप में चौधरी चरण सिंह विश्वविद्यालय के फिजिक्स संकाय के अध्यक्ष प्रोफेसर वीरपाल सिंह तथा जी० एल० ए० विश्वविद्यालय मथुरा के डीन डॉ० आलोक वर्मा थे। प्रथम तकनीकी सत्र के अंदर प्रो० वीरपाल सिंह ने महाविद्यालय के प्राचार्य को इतने सार्थक विषय पर सम्मेलन करने के लिए बधाई दी तथा साथ ही बताया कि नई शिक्षा पॉलिसी 2020 में आने वाले समय में शिक्षा के सभी आयामों में, गुणवत्ता में तरह तरह के बदलाव होने निश्चित हैं और यह बहुत जरूरी है कि हम सभी खुद को और आने वाले बदलावों के लिए अभी से तैयार कर लें। शिक्षा में तकनीकी का प्रयोग जरूरी हो जाएगा हम पूरी दुनिया को आई० सी० टी० टूल्स बना कर देते हैं लेकिन आश्चर्य का विषय है कि हम स्वयं आई०सी०टी० टूल्स का प्रयोग सही तरह से करना नहीं जानते। हमें जल्दी ही इसे शिक्षा में उपयोग करना सीखना होगा वरना आने वाले समय की चुनौतियों का सामना हम कभी नहीं कर पाएंगे। स्मार्ट बोर्ड, लैपटॉप, कंप्यूटर सॉफ्टवेयर, आईफोन, अलग अलग तरीके के डिवाइस इसका प्रयोग करना आना बहुत जरूरी होगा क्योंकि इंडिया धीरे-धीरे डिजिटल इंडिया बनता जा रहा है। एक शिक्षक को अपने विषय का ज्ञान है अब सिर्फ इस बात से काम नहीं चल पाएगा। शिक्षक को सारी तकनीकीयों को सीख कर उनका उपयोग शिक्षा देने के कार्य में करना होगा। ई कंटेंट बनाना सभी शिक्षकों को आना चाहिए उन्होंने इसके लिए सुझाव भी दिए पहले एक पायलट स्टडी करें अपने डिजिटल स्ट्रक्चर को मजबूत बनाएं ऑनलाइन टीचिंग टूल्स की जानकारी हासिल करें छोटी-छोटी ई-कंटेंट्स बनाएं। क्षेत्रीय समस्याओं पर सूट करें और स्वयं को प्रेरित रखें स्वयं को प्रेरित रखने के बिना हम खुद को बेहतर नहीं कर पाएंगे गुणवत्ता को बढ़ाने के लिए बहुत जरूरी है।

दूसरी तकनीकी सत्र में डॉ० आलोक वर्मा ने इंडकशन का अर्थ बताते हुए कहा कि किसी भी संस्थान में किसी भी नए शिक्षक के आने पर उस संस्थान के माहौल, नियम, परिवेश और कार्यप्रणाली से अवगत

कराने वाली कार्यक्रम को इडकेशन प्रोग्राम कहते हैं। उनके अनुसार एक शिक्षक के दो स्तर होते हैं। पहला स्वयं का स्तर और दूसरा वह स्तर जिसका उपयोग उसे अपने छात्रों को शिक्षा देते वक्त उपयोग में लाना चाहिए। उन्होंने अपने जीवन के अनुभव के आधार पर बताया कि उन्होंने स्वयं आई० सी० टी० टूल्स का उपयोग करना सीखा। उन्होंने स्वयं अपने पोतेकट तैयार करे। उनके अनुसार अगर तैरना है तो पानी से उतरना ही होगा। छात्र भी अपने मोबाइल का उपयोग रचनात्मक रूप से कर सकते हैं। पी०पी०टी० का वास्तविक अर्थ अपने विषय के पाठर पाइंट स्कूल स्लाइड्स पर प्रजेन्ट करना होता है और उन्ही बाद में विस्तृत रूप से समझाना होता है लेकिन लोग गलती करते हैं कि वह अपनी पी०पी०टी में बहुत सारा विषय टाइप कर देते हैं जिससे पी०पी०टी० उतनी सार्थक नहीं रह जाती। अपने पी०पी०टी० को आकर्षक बनाए उसमें ऑडियो वीडियो का प्रयोग करें जिससे छात्र उसमें रुचि लेता है और विषय को समझने के लिए मानसिक रूप से तैयार भी होने लगता है। छात्रों को अगर उनके विषय की उपयोगिता बताकर समझाया जाए तो वह अपने विषय को ज्यादा अच्छे तरीके से समझते हैं। उनके अनुसार एक शिक्षक को सबसे पहले एक अच्छा इंसान होना चाहिए। इसके अलावा उन्होंने सफलता के का एक मंत्र दिया व्यवहार, कठिन कार्य, मनोवृत्ति, लक्ष्य, इन चारों को महामंत्र बताया। अगर कोई शिक्षक अपना अच्छा व्यवहार रखे कठिन मेहनत करे और सकारात्मक मनोवृत्ति के साथ अपना कार्य करे तो उसे अपना लक्ष्य जरूर प्राप्त होगा।

प्रो० एस० वी० एस० राना जी भारत में शिक्षा की वर्तमान स्थिति पर अफसोस जताया। विश्व की सबसे अच्छे विश्वविद्यालयों में भारत का कहीं नाम नहीं आता। भारत में हजारों विश्वविद्यालय हैं, हजारों कॉलेज हैं लेकिन फिर भी शिक्षा की गुणवत्ता वैसी नहीं है। उनके अनुसार कितने भी शिक्षा में नए कानून और नियम लाए जाए लेकिन इन सब का मूल आधार ज्ञान है। बिना ज्ञान के कोई भी नियम या कानून शिक्षा की गुणवत्ता को नहीं बढ़ा सकता। शिक्षकों के अंदर पढ़ाने का जुनून होना चाहिए जो एक जन्मजात विशेषता है इसे कोई भी तकनीकी पैदा नहीं कर सकती है हमारे चारों तरफ तकनीकी फैली हुई है लेकिन फिर भी हम उसका उपयोग किस दिशा में कर रहे हैं, कहा कर रहे हैं यह हमारी सोच पर निर्भर करता है, हमें स्वयं को प्रेरित करना होगा वरना हमारे चारों तरफ से यह तकनीकी गैजेट्स ऐसे ही रखे रह जाएंगे। बहुत आश्चर्य का विषय है कि आज हर बात का जवाब गूगल देता है फिर शिक्षक का क्या कार्य रह गया। सभी ने अपनी रचनात्मकता को खो दिया है क्योंकि सब कुछ नेट से ले लिया जाता है। वास्तव में शिक्षा देना शोध कार्य करना और मूल्यांकन करना यह तीनों ही शिक्षक के महत्वपूर्ण कार्य होते हैं और इनको हम वर्चुअल तरीके से सही तरह से नहीं कर सकते। इसलिए शिक्षक को वास्तविक रूप से इन सभी कार्य को करना होगा और इसके लिए उसे अपने अंदर के शिक्षक को जगाना होगा। नौकरी लगने के बाद लोग अपने विद्यालयों में सालों तक पढ़ाते हैं, बाहर नहीं जाते। अलग-अलग समुदायों में जाना चाहिए। सम्मेलनों में प्रतिभागिता करनी चाहिए। सीखने के लिए बाहर निकलना ही पड़ेगा इससे आत्मविश्वास आता है, व्यक्तित्व में निखार आता है। रोजाना 4 घंटे पढ़ना और लिखना चाहिए इससे शिक्षक रचनात्मक बनेगा। अंत में उन्होंने सभी को संदेश दिया

किे शिक्षक को अच्छे शिक्षकों की संगत करनी चाहिए जिससे ज्ञान में वृद्धि हो और समय-समय पर इस तरीके के कार्यक्रमों का आयोजन करते रहना चाहिए। कार्यक्रम के अंत में डॉ अनुजा अग्रवाल ने प्रश्न उत्तर सत्र में विशिष्ट अतिथि और मुख्य वक्ता मुझसे प्रश्न किए तथा सुझाव मांगे कि किस प्रकार हम शिक्षकों को प्रेरित कर सकते हैं। कार्यक्रम के अंत में महाविद्यालय के प्राचार्य प्रोफेसर निवेदिता मलिक ने अपने सभी अतिथि गणों का धन्यवाद दिया साथी यह बताया कि एक शिक्षक के लिए सबसे जरूरी है कि वह समय समय पर अपना आत्म मूल्यांकन करता रहे बिना आत्म नियमन की हमारे चारों तरफ भी साधना हम उनका उपयोग नहीं कर पाएंगे हमें अपनी इच्छा शक्ति को जगाना होगा अगर हम इसी प्रकार शिथिल रहेगे तो आने वाले समय में हम शिक्षा से जुड़ी हुई नई चुनौतियों का सामना नहीं कर पाएंगे और साथ ही शिक्षकों की जगह आर्टिफिशियल इंटेलिजेंस ले लेगी। इस कार्यक्रम के आयोजन में महाविद्यालय के डीन डॉ० रीनू जैन, आई० क्यू० ए० सी० कोऑर्डिनेटर डॉ० नीना बत्रा, कन्वीनर डॉ० कल्पना चौधरी, कन्वीनर डॉ० अनुपमा सिंह, चीफ प्रॉक्टर डॉ० नीलम सिंह, ऑर्गेनाइजिंग सेक्रेट्री डॉ० अनुजा अग्रवाल तथा डॉ० अर्चना रानी, डॉ० सुनीता सिंह, डॉ० आरती शर्मा, डॉ० नाजिमा इरफान, डॉ० सीमा अग्रवाल, डॉ० सीमा गुप्ता, डॉ० शिवानी त्यागी, डॉ० मीनाक्षी जैन डॉ० शुभम त्यागी, डॉ० नेहा टंडन, डॉ० वत्सला ओबराय आदि का सहयोग रहा।

Two-days National Conference

Press Release

Date 21.12.2022

The two-day National Conference started today at Raghunath Girls Post Graduate College. Its theme was "Motivation Training for Teachers at Degree Level - The need of the hour to enhance the quality of higher education." The program started with the college anthem and lighting of the lamp. Principal of the college, Professor (Dr.) Nivedita Malik welcomed all the guests and while explaining the significance of the national conference, laid emphasis on the training of teachers to enhance the quality of higher education.

The stage was conducted by program coordinator Dr. Anupama Singh. The special guest of this national conference, Prof. Girish Chandra Tripathi, Chairman, Uttar Pradesh Higher Education Council, said in his inaugural speech that teachers and students all need to first understand the philosophy of India and its real meaning. Education

has no meaning without moral values. To run a society, more knowledge is needed than money. A good society is created only through education. For the progress of India, it is necessary for the teachers imparting education to be fully trained in practical and simple things. Everyone talks about rights but not about duties. All teachers should be prepared to follow the rules in mind as well as heart. We have to create such a society in which there is a feeling of family and there is no culture of revenge in the Indian culture. Only teachers with character should be selected in the field of education. It is the responsibility of teachers to make India a world leader and training of selected teachers from time to time is necessary. It is important to be alert because the inaction of good people is more responsible for the decline in society than the activeness of evil people. Even after retirement, teachers should continue to serve selflessly in the field of education.

Addressing everyone, former Vice Chancellor of Sardar Vallabhbhai Patel Agricultural University, Meerut, Professor (Dr.) H.S. Gaur ji said that before seeking improvement in others, we should

improve ourselves. To become a real teacher, it is necessary to first ignite ourselves like a candle, only then we will be able to ignite others. Therefore, a teacher should always keep learning like a student. It does not matter whether the college is government or private, what matters is the quality of the teacher. A good teacher is one who sees through the student's eyes, listens through the student's ears and teaches by understanding the student's ability to learn. A good teacher should motivate the students and give education by dividing the students into slow learners, average and fast learners. A teacher should always keep upgrading himself. Instead of API, a good teacher should get promotion on the basis of his teaching quality.

Prof. Vinay Bhardwaj, Chairman of the History Department at Delhi University, said that everyone should keep learning as much as possible wherever they get a chance. Not only classroom education should be imparted to the students but also education should be imparted to the students in the classroom as per their interest. Every teacher should teach in both English and Hindi

languages. Every subject should be taught by linking it to the needs of the present time. Also, it is necessary for the teachers of every educational institution to have complete knowledge of the rules and regulations. For the betterment of the institute, every teacher should give the best that he can give to the institute. What is better is not what the institution can give to the teacher, but what the teacher can give to the institution.

Dr. Rakesh Sharma, Associate Professor in the Faculty of Education, Machhra Degree College, said that it is very important for teachers to be trained from time to time before getting the job as well as after joining the job. A student being weak in a subject is a failure not only of the student but also of the teacher. Only if the needs of the students are met, their attendance will be 100%. Only teachers who are adept in the art of teaching can bring out the hidden talent within the students. The shocking figure says that only 26.3% children are able to achieve higher education. Teachers can be made more competent through induction programmes. It is more important to learn than to teach. He also explained in detail about the

institutions of FIP. I.Q.A.C. Can also organize induction programs in institutes.

Professor Dinesh Chandra Sharma, Chairman of the Zoology Department of Km. Mayawati Government Girls Degree College, Badalpur, said that newly selected teachers should always understand the teaching methodology from their senior teachers. Information technology can never eliminate the role of a teacher. The purpose of orientation and refresher courses was not for promotion but to improve the teacher. In the coming time, induction programs will soon be organized for everyone which will be subject, technique and age based. These programs are in both online and offline modes. There will be different skill training in different induction programs like creating e-content in technical programs, creating e-content in local language etc. Evaluation should be done for everyone whether a newly selected teacher or a senior teacher.

After each technical session, there was a question and answer session with all the experts in which everyone asked their questions and especially the

girl students came forward to participate and put forth their views. In organizing this national conference, College Dean Dr. Reenu Jain, IQAC Coordinator Dr. Neena Batra, Convener Dr. Kalpana Chaudhary, Convener Dr. Anupama Singh, Chief Proctor Dr. Neelam Singh, Organizing Secretary Dr. Anuja Agrawal and Dr. Archana Rani, Dr. Sunita Singh, Mrs. Aarti Sharma, Dr. Seema Agarwal, Dr. Seema Gupta, Dr. Shivani Tyagi, Dr. Meenakshi Jain, Dr. Shubham Tyagi etc. all cooperated.

Press Release

Date 22.12.2022

A two-day National Conference was organized yesterday under the aegis of Raghunath Girls Post Graduate College, Meerut on the theme "Motivation Training for Teachers at Degree Level: Today's Need to Enhance the Quality of Higher Education." In which the program of the second day of the National Conference was successfully organized today. The program started with the college anthem. College Principal Prof. (Dr.) Nivedita Malik and all the guests present started the program by lighting the lamp in front of Maa Saraswati. The stage was conducted by Dr. Anupama, the coordinator of the program. On the second day of this national conference, Professor S.V.S. Rana, former Vice Chancellor of Bundelkhand University, Jhansi, was present as the special guest. Professor Veerpal Singh, Chairman of the Physics Faculty of Chaudhary Charan Singh University and Dr. Alok Verma, Dean of GLA University, Mathura were the keynote speakers for the technical session in the program.

During the first technical session, Prof. Veerpal Singh congratulated the Principal of the college for holding a conference on such a meaningful topic and also told that in the coming time, there will be various changes in the quality and dimensions of education in the new education policy 2020. It is certain and it is very important that we all prepare ourselves now for the upcoming changes. Use of technology will become necessary in education. We provide ICT tools to the whole world but it is surprising that we ourselves do not know how to use ICT tools properly. We will soon have to learn to use it in education otherwise we will never be able to face the challenges of the future. Smart board, laptop, computer software, iPhone, different types of devices- it will be very important to know how to use them because India is gradually becoming Digital India. Now the mere fact that a teacher has knowledge of his subject will not suffice. The teacher will have to learn all the technologies and use them in the work of imparting education. All teachers should know how to create e-content. He also gave suggestions for this. First do a pilot study, strengthen your

digital structure, acquire knowledge of online teaching tools, create small e-content, suit the regional problems and keep yourself motivated. Without keeping ourselves motivated we will not be able to improve ourselves. It is very important to increase the quality.

In the second technical session, Dr. Alok Verma, while explaining the meaning of induction, said that when a new teacher comes to any institute, the program which makes him/her aware about the environment, rules, environment and functioning of that institute is called induction programme. According to him there are two levels of a teacher. First is his own level and second is the level which he should use while teaching his students. Based on his life experience, he said that he himself learned to use ICT tools. They prepared their own projects. According to him, if you want to swim, you will have to get into the water. Students can also use their mobiles creatively. The actual meaning of PPT is to present your topic on power point slides and later explain it in detail. But people make the mistake of typing too many topics in their PPT due to which the PPT becomes less

meaningful. Make your PPT attractive and use audio and video in it so that the student takes interest in it and also starts getting mentally prepared to understand the subject. If students are explained the usefulness of their subject, then they understand their subject better. According to him, a teacher should first of all be a good person. Apart from this, he gave a mantra for success - behavior, hard work, attitude, goal, these four were called Mahamantra. If a teacher maintains good behavior, works hard and does his work with a positive attitude, he will definitely achieve his goal.

Prof. S. V. S. Rana expressed regret over the current state of education in India. India's name does not figure anywhere among the best universities of the world. There are thousands of universities and thousands of colleges in India but still the quality of education is not the same. According to him, no matter how many new laws and rules are introduced in education, the basic foundation of all these is knowledge. Without knowledge, no rule or law can increase the quality of education. Teachers should have passion for teaching which is an innate quality. No technology can create it. Technology is

spread all around us but still in which direction and where we are using it depends on our thinking. It depends, we have to motivate ourselves otherwise we will be left with these technological gadgets all around us. It is a matter of great surprise that today Google gives answers to everything, then what is the work left for the teacher. Everyone has lost their creativity because everything is taken from the net. In fact, imparting education, doing research and evaluation, these three are important tasks of a teacher and we cannot do them properly in a virtual way. Therefore the teacher will have to do all these tasks realistically and for this he will have to awaken the teacher within him. After getting a job, people teach in their colleges for years and do not go out. Must visit different communities. Should participate in conferences. To learn, one has to go out, this brings self-confidence and enhances personality. One should read and write for 4 hours daily, this will make the teacher creative. In the end he gave a message to everyone that teachers should associate with good teachers so that knowledge increases and such programs should be organized from time to time. At the end of the program, Dr. Anuja Agrawal asked

questions to the special guest and keynote speaker in the question-answer session and asked for suggestions as to how we can motivate teachers. At the end of the program, Principal of the college, Professor Nivedita Malik, thanked all the guests and also told that it is most important for a teacher to keep on self-evaluating himself from time to time, without this and without the practice of self-regulation we can not use our strengths properly. We will have to awaken our will power, if we remain lax like this, we will not be able to face new challenges related to education in the coming time and teachers will be replaced by Artificial Intelligence. College Dean Dr. Reenu Jain, IQAC Coordinator Dr. Neena Batra, Convener Dr. Kalpana Chaudhary, Convener Dr. Anupama Singh, Chief Proctor Dr. Neelam Singh, Organizing Secretary Dr. Anuja Agrawal and Dr. Archana Rani, Dr. Sunita Singh, Dr. Aarti Sharma, Dr. Naziya Irfan, Dr. Seema Agarwal, Dr. Seema Gupta, Dr. Shivani Tyagi, Dr. Meenakshi Jain, Dr. Shubham Tyagi, Dr. Neha Tandon, Dr. Yatsala Oberoi etc. have actively participated in organizing this program.

ABOUT THE COLLEGE

With the vision to provide educational opportunities to girls in mind, Mrs. Kripa Devi conceived the idea of an educational institution and laid the foundation of Raghunath Girls' (P.G.) College under the Kripa Devi Trust Fund Society on February 27, 1929, with the noble aim of promoting women's education in the area. The institution started with 5 students and has ever since progressed to become a pioneering and reputed institution in Meerut City, with a strength of nearly 5000 students as of date. Building on the strong foundation of the college, we strive for making learning an enriching, fulfilling, and enjoyable experience through multidisciplinary approaches. Our focus is on consistent and catalytic improvement in the overall development of the college, its students and facilities, and paving way for innovative ideas and thinking to promote value-based academic environment. Today it stands high, having been declared one of the best girls' colleges in the state of Uttar Pradesh, having completed four cycles of NAAC accreditation so far. Out of these four, the college has been accredited with an "A" grade two times and has been recently accredited with a "B+" grade with a score of 2.53 and has been awarded the status of "College of Excellence" (CoE) by UGC in 2014.

Also it would foster ways of innovative thinking in women of the country who account to more than 50% of the population thus paving the way to more self-sustaining entrepreneurs who give jobs to others instead of seeking jobs for their upgradation and sustenance.

REPORT OF THE SYMPOSIUM

An awareness program via symposium was organized for the girl students in the college by the Innovation Cell of the college. The theme of which was "Role of women in innovation and startups under India's G-20 chairmanship". Today, the chief guest of the event, Toolika Rani, Brand Ambassador of G-20, Uttar Pradesh, said that the main objective of the G-20 initiative is to engage stakeholders and promote the spirit of innovation and startup ecosystem across India. Of entrepreneurship and innovation. Therefore, workshops, counselling workshops, capacity building etc. dedicated to women entrepreneurs should be organized from time to time so that more and more women can benefit from it and enter the world of innovation by recognizing their abilities. Make your name famous. ABOUT THE COLLEGE

Having a legacy of 75 years of excellence, Raghnath Girls' Post Graduate College rose to its present stature from very humble beginnings. It was set up by Mrs. Kripa Devi in memory of her late husband, Lala Raghnath ji under Kripa Devi Trust Fund with the noble aim to promote women's education in the area. The institution started as a small school on February 27, 1929 with just 30 students, became a high school in 1952, an intermediate secondary school in 1956, a graduate college in 1948 and a post graduate college in 1959. It has since progressed to become a pioneer and reputed institution of Meerut city, having a strength of nearly 5000 girl students and date acquiring education in all the four streams of Humanities, Sciences, Commerce, and Education. Since 2015-16, bachelor's degree in vocational subjects of Yoga Science, Applied Clinical Psychology, and Information Technology have been started under DDUXK. Today its standing is being declared as one of the best girls colleges in the state of Uttar Pradesh, having successfully completed four cycles of NAAC accreditation so far. Out of these four, the college has been accredited 'A' grade for two times and has been recently accredited 'B+' grade. It has also been awarded status of College of Potential for Excellence from 2006-2014 and College of Excellence by UGC in 2014.

ABOUT THE SYMPOSIUM

The Indian G20 Presidency's theme of 'One Earth, One Family, One Future' (Vasudhaiva Kutumbakam) sets the tone to highlight the contribution of women (who are approximately 50% of any population) in changing the face of any country including India. Women have always been regarded as pioneers of the past to innovators of the present, hence an understanding of their role in innovation via various start-ups, research, environmentally sustainable and responsible choices that they make become pertinent for the promotion and development of a college established exclusively with the vision to empower them. Hence, this symposium is being organized for detailed discussion on this topic. We therefore invite academicians, researchers, present and future innovators etc. to discuss their viewpoints on the present topic so that the same may be utilized to put a robust mechanism moving forward through its future torchbearers.

REPORT

World Creativity and Innovation Day celebrated with pomp in RGPG College, Meerut .A guest lecture on the topic '**Don't Throw Garbage**' was organized by RGPG Innovation Center of Raghunath Girls Post Graduate College on the occasion of World Creativity and Innovation Day. In which Dr. Anupama Singh, Assistant Professor, Department of Botany, in her guest speech, inspired people not to throw organic kitchen waste and old clothes here and there. He told through slides how small bags, bags, decorative items, pillow covers, tablecloths, settee covers, saree covers, handkerchiefs etc. can be made from old clothes. Compost can be made from kitchen waste, peels of vegetables and fruits can be used for animals. He told to go out and do something new and different.

College Principal Professor Nivedita Kumari said in her presidential message that Indian culture believes in making useful even bad and useless things. But the present generation has forgotten it in the era of show off and advertising. Such efforts will help in creating social, economic and natural order and balance through use and reuse. Children come to us from cities, towns and villages. Our committee is also trying to get new ideas from them and is also trying to connect them with our ideas. We have a lot of things which can be made useful by converting old into new and can also be used to create a platform for selling.

Dr. Seema Jain, President of RGP Innovation Center, said that the center started in the college in April 2022 and since then it is trying to do new projects. Four projects were also presented at Chaudhary Charan Singh University which were highly appreciated.

Dr. Sonika Choudhary, coordinator of the centre, said that our effort is to inspire as many people as possible to make something new from old and waste materials and also connect them with entrepreneurship.

Dr. Neena Batra, Incharge and Innovation Coordinator of IQAC, said that organizing such events from time to time helps in conveying our ancient culture to the present generation. It will be our endeavor to connect girl students with such quality programs so that they can spread this message to the society.

A large number of girl students were present on this occasion and got their doubts resolved. The lecture was attended by 19 faculty members and 25 students
