Principal's Message

It gives me immense pleasure to present to you the annual report for College-o-Scope, highlighting the remarkable achievements, academic advancements and various initiatives undertaken throughout the year.

In the academic sphere, our college has continued to uphold its commitment to excellence. Our students have excelled in various disciplines, showcasing their dedication and passion for learning. The collective efforts of our talented faculty members have nurtured a dynamic learning environment, fostering critical thinking and holistic development among our students.

Our esteemed faculty members have played a pivotal role in shaping the future of our students. Their dedication to quality education and mentorship has led to numerous success stories and I commend them for their commitment. I am also pleased to highlight the impactful initiatives undertaken by our college committees. Our various departments have consistently demonstrated excellence in organizing seminars, workshops and conferences. These intellectual gatherings have facilitated knowledge exchange and fostered a culture of continuous learning.

Looking ahead, we are committed to upholding the legacy of excellence that our college stands for. We will continue to invest in modern infrastructure, cutting-edge technologies and innovative teaching methods to ensure that our students remain at the forefront of knowledge and skills.

May we stride ahead with renewed zeal and determination, ready to embrace the challenges and opportunities that the future holds.

Wishing you all a successful and fulfilling year ahead!

Dear Readers,

Greetings and warm wishes as we present to you the annual report of our college, A “College-O-Scope.” It is with great pride and pleasure that I recount the diverse achievements and endeavors that have adorned our college’s journey throughout the academic year.

Our dedicated faculty members have played an instrumental role in shaping the minds of our students. The consistent efforts of our educators have resulted in remarkable academic achievements and have laid the foundation for our students’ promising futures.

Our college’s committees have been instrumental in organizing a myriad of events that have enriched the campus experience.

The departments within our college have also demonstrated dedication in fostering academic excellence and innovation. Seminars, workshops and faculty development program hosted by various departments have facilitated the exchange of knowledge and ideas, contributing to the overall intellectual growth of our college community.

Our students, too, have been the heart and soul of this journey. Their enthusiasm, curiosity and hard work have been the driving force behind these accomplishments. They have exhibited exceptional talent in academic, artistic and athletic domains, truly embodying the spirit of our college.

As we stand at the crossroads of another academic year, it is important to remember that every achievement, big or small, is the result of collective efforts. The synergy between students, teachers and administrators has paved the way for these successes.

I extend my gratitude to all those who have been part of this enriching journey. It is their dedication, passion, and perseverance that have transformed challenges into opportunities and dreams into realities.

Best Regards,

Heritage, Legacy and Institutional Distinctiveness of our College

Established in 1929 with a mission to empower women through education, Raghunath Girls' Post Graduate College has a rich history of academic excellence and innovation. Founded by Mrs. Kripa Devi in memory of her late husband, Lala Raghunath ji, the college began as a small school with just five students. Under the Kripa Devi Trust Fund, it evolved steadily, progressing from a school to a high school by 1932, an intermediate secondary school by 1936, and finally, a graduate college in 1948. By 1959, it had attained the esteemed status of a postgraduate college, marking significant milestones in its pursuit of educational advancement.

Significant milestones in the college's infrastructure development include the laying of the foundation stone of the central Library by The Hon'ble Pandit Govind Ballabh Pant, Chief Minister of Uttar Pradesh, on December 23, 1951. Dr. Rajendra Prasad, the President of India, inaugurated the hostel on 3rd January 1961. The Prakashvati Sood Manovigyan Kaksh was established in October 1968 while the library was founded on 11th January 1972, by Dr. B. Gopala Reddy, Governor of UP. The library officially began its operations on 24th February 1976, after formal inauguration by Dr. M. Chenna Reddy, Governor of UP. The Auditorium's foundation stone was laid by Shri Kailash Nath Katju ji, Defense Minister, Government of India, on August 15, 1986, symbolizing the institution's commitment to holistic education.

The Food Science Department building was funded by Smt. Kusumlata Kansal, daughter of Shri Gyan Prakash Mittal, a member of management, in 1999. Dr. Vimla Puri contributed to the establishment of the common room on 5th November 2001. In 2004, the institution inaugurated the History Museum "Ateet ke Jharokhe se". The BBA block was inaugurated by Professor Ved Prakash, Vice Chairman of UGC, on 6th February 2010.

Additionally, the Chemistry Instrumentation Lab, funded by Dr. Madhu Mittal, former Principal of RGPG, was established on 12th July 2010. Finally, the PCM floor was inaugurated by Prof. Ved Prakash, Chairman of UGC, on 16th February 2013.

The college was & has been guided as well as blessed by eminent personalities in its management from time to time as president and secretary. A few amongst them are Sh. Raghukul Tilak (Ex Governor , Rajasthan), Dr. V. Puri (Retired Professor & Scientist of National repute in the field of Botany), Prof. Satish Chandra (Ex Chairman, UGC) and presently our president Sh. V. K. Modi (Industrialist , Modi group) & secretary , Sh. Puneet Nath (Industrialist). In addition to overall development of our college in various spheres, the management has actively contributed to digitalisation of rare books in our central library in the year 2022.

Today, Raghunath Girls' Post Graduate College stands as a prestigious institution in Meerut city, catering to nearly 5000 female students across various disciplines including Humanities, Sciences, Commerce, and Education. In its commitment to staying relevant and innovative, the college introduced bachelor's degree programs in vocational subjects such as Yogic Science, Applied Clinical Psychology, and Information Technology in the academic year 2015-16, showcasing its responsiveness to evolving educational needs.

The college has earned recognition for its academic standards, undergoing four cycles of NAAC accreditation, securing 'A' grade twice and recently achieving a 'B+' grade. Additionally, it was honored as a College of Potential for Excellence from 2006 to 2014 and designated as a College of Excellence by the UGC in 2014, highlighting its dedication to academic rigor and quality. The college also houses a range of modern facilities such as an ANALEMMA Sun dial, a Psychological Testing & Counselling Centre, 2 NCC Units, 2 NSS Units, and a 250 bedded hostel within the Campus. Additionally, it boasts a fully furnished and upgraded auditorium with a seating capacity of 400.

With its proud legacy and commitment to excellence, Raghunath Girls' Post Graduate College continues to inspire and empower generations of women, nurturing them into leaders and scholars of tomorrow.

"The true teachers are those who help us think for ourselves."

Empowering Excellence through IQAC: The College's Path to Quality Enhancement

The Internal Quality Assurance Cell (IQAC) of Raghunath Girls' Post Graduate College plays a pivotal role in ensuring the delivery of quality education. Through a multifaceted approach, the IQAC initiates various strategies to maintain and enhance educational standards. One of the primary focuses of the IQAC is curriculum effectiveness. By regularly reviewing the curriculum, the college ensures that it remains relevant and aligned with evolving educational requirements and industry demands. Additionally, the IQAC organizes faculty development programs aimed at enhancing the teaching skills and knowledge of educators. Furthermore, the IQAC implements robust mechanisms for collecting and analyzing student, parent & alumni feedback. By soliciting input on teaching methods, infrastructure, and overall college experience, the institution can identify areas for improvement and take proactive measures to address student concerns and those related to overall quality excellence. Through stringent monitoring and evaluation procedures, the cell upholds the highest standards of academic integrity, thereby instilling confidence in the assessment process. Beyond academics, the IQAC also focuses on infrastructure development, striving to create a conducive learning environment by upgrading facilities such as laboratories, libraries, and classrooms. Additionally, the cell promotes research activities among faculty and students, providing incentives and collaboration opportunities to foster a culture of inquiry and innovation. Engaging with the local community is another key initiative of the IQAC, as it believes in the importance of social responsibility and practical learning experiences. Through outreach programs and partnerships with local organizations, the college enriches the educational experience of its students while making a positive impact on society. Moreover, obtaining and maintaining accreditation from relevant educational bodies is a priority for the IQAC, as it signifies the college's commitment to excellence and compliance with national and international standards. Furthermore, the integration of information and communication technologies (ICT) into teaching and learning processes is a strategic objective of the IQAC, as it enhances efficiency and effectiveness in education delivery. The Internal Quality Assurance Cell (IQAC) plays a crucial role in promoting green initiatives and fostering innovation within educational institutions. via efforts that integrate sustainability principles into the college's operations and curriculum. This might involve implementing eco-friendly practices such as waste reduction, energy conservation, and water management, as well as incorporating sustainability topics into various courses across disciplines by encouraging research and projects that address environmental challenges. Finally, the IQAC emphasizes a culture of continuous improvement, implementing mechanisms for ongoing monitoring, evaluation, and enhancement of all aspects of the college's functioning. By adopting a holistic approach to quality assurance, the IQAC ensures that the girls' college remains a hub of excellence in education & overall development thereby empowering students to realize their full potential and contribute meaningfully to society. "College-o-Scope is an endeavour by the IQAC to present a peek into the activities, accomplishments and initiatives of the college, students and faculties in a nutshell.

Eco-Efforts: Transforming with Green Initiatives

We nurture the environment as an institution with greener vision for the future. Our organizational structure consists of faculty members as well as representatives from non-teaching staff and students.

- The College has added one more rainwater recharge system in the campus in addition to four already in the campus for better groundwater recharge.
- By installing solar panels, we are reducing our carbon footprint and playing a part in combating climate change.
- Plastic was collected for recycling to raise awareness about the detrimental impact of plastic on society and the environment.
- Compost facility to turn biodegradable waste into compost as well as vermicompost pit.
- No use of paper & plastic cups and plates in the college campus.
- Our campus has LED (Light Emitting Diode) which is one of today's most energy- efficient and environmentally- friendly lighting technologies.
- Medicinal plants in this college generate an awareness where the students get acquainted with the identity and usages of the medicinal plants.
- One separate garden is also maintained according to astrological aspect such as navgrah and Twelve stars (Rashi plants).
- Green and energy audits are regularly done to enhance environmental well-being.
- E waste management is done in an environmentally friendly manner.
- Taking a step towards green initiatives, the Department of Botany has launched a scheme for the management of biodegradable waste generated from various places in the college. All the biodegradable waste from the college garden, from the hostel mess and from the canteen is converted into organic manure.

Governance Through College Committees

Discipline Through Proctorial Board

During the **admission period**, the proctorial board typically focuses on ensuring a smooth and orderly process for new students. This involves monitoring the registration process, providing guidance and assistance to new students and their families, and enforcing any relevant rules or regulations regarding admissions.

The proctorial board work with Harassment cell and Grievance cell together to address issues related to harassment and other grievances in campus. By collaborating, they aim to provide support and justice to students, ensuring their safety and well-being.

Some rules are following:

- All the students are required to come in uniform everyday.
- Students not in proper uniform will not be allowed to enter into the college campus and will not be entertained for any reason..
- Unnecessary and inappropriate use of mobile in the college campus is strictly prohibited. If caught, the mobile will be returned to the student at 4:00 pm .
- No leggings, chudidar or patialas can be used as substitutes for the salwar.
- No jeans permitted.
- Kurtas for girls must be decent with sleeves and no transparent material allowed.

Plant Conservation Society:

Under the aim of Green Initiative, the Department of Botany of Raghunath Girls’ Post Graduate College established a society. It was started in 2012 by Dr. Meenu Gupta, Former Head of the Department of Botany. Through this society, information about the identification of medicinal plants and their uses is given to the public.

For this purpose, a herbal Garden has been established in the college, in which more than 60 types of medicinal plants have been grown. From time to time, programs are organized to spread the information about these plants to the people.

People are encouraged to use these plants at their homes and lead a healthy lifestyle so that they can stay away from diseases and protect themselves from the harmful effects of allopathy medicines.

Apart from this, one more exercise has been done in the college by the Plant Conservation Society, changing the tradition of giving bouquets to all the guests who come to all the programs organized in various departments of the college. Instead of presenting bouquets to the guests coming on various occasions, these medicinal plants with beautiful planters are presented by the Plant Conservation Society to welcome them, so that awareness about these plants can be spread among them.

In the session 2022-23. more than 100 guests were welcomed by these medicinal plants by the Plant Conservation Society.

Taking a step towards green initiatives, the Department of Botany has launched a scheme for the management of biodegradable waste generated from various places in the college. All the biodegradable waste from the college garden, from the hostel mess and from the canteen is converted into organic manure. For this, a certificate course is being conducted under the supervision of Dr. Anupama Singh and Dr. Madhu Malik. In this course, students are taught that they can somehow convert the organic waste generated from their homes into organic manure. In this way, the waste generated from the hostel, canteen and garden in the college is properly managed.

Innovative Stitchery Centre:

Innovative Stitchery Centre was established in our college on 5th March, 2022 via an MoU with Bharat Vikas Parishad, Meerut main branch and Singer India Limited. It was established basically to enrich the skills of the girls and women of our college as well as those from outside the college by providing them hands-on-training related to stitching and embroidery at a very nominal cost. A certified diploma in stitching course of 6 months was initially started, successful completion of which made them eligible for jobs in textile industries as well as trainers in stitching centers along with their establishment as boutique entrepreneurs. In the session 2022-23, 13 students successfully completed this course. Also in the session 2022-23, two courses of stitching viz. Basic Stitching Skills (V0001106) & Advance Stitching Skills (V0001107) were framed by the faculty of the Department of Home Science, Raghunath Girls’ Post Graduate College, Meerut and submitted in the University for approval as Skill Development Courses under NEP.

Plant Conservation Society

- The **Plant Conservation Society (PCS)** is a society founded by Dr. Minu Gupta, Assistant Professor, Department of Botany, Raghunath Girls' Post Graduate College, Meerut that share the goal “*to protect native plants by ensuring that native plant populations and their communities are maintained, restored, enhanced, and distributed*”.
- It is considered as one of the best practices of our college.
- Various green initiatives and extension activities are conducted by department of Botany under the banner of Plant Conservation Society every year.
- PCS has more than 700 members. In the session 2022-23, about 30 new members were added in the society. These members were from diverse social background and status; some of them were professional from different field such as scientist and teachers; others were students of different stream along with house managers.
- In the year 2022-23, more than 100 saplings of medicinal plants, indoor plants and ornamental plants with planters were provided to different departments and committees of the college to be gifted to the guests and resource persons of the programs (workshops, national festivals, conferences, cultural programs, competitions etc.) organised within college (The list containing name of the plants provided for different activities is attached).
- A five days FDP and workshop was conducted by the PCS and IQAC, Raghunath Girls' Post Graduate College, Meerut on the topic “Propagation and Uses of Medicinal Herbs and Techniques of Bio-Composting” for faculty members and students to raise awareness about the importance of plant conservation, how to propagate medicinal plants and their uses in day-to-day life, and how to prepare organic fertilizer from kitchen waste.
- The PCS Committee, under the guidance of Principal Prof. Nivedita Kumari, is committed to work to advance plant conservation, native plant community restoration, medicinal plant conservation and distribution at local, state, and national level.
- Taking a step towards green initiatives, the Department of Botany has launched a scheme for the management of biodegradable waste generated from various places in the college. All the biodegradable waste from the college garden, from the hostel mess and from the canteen is converted into organic manure. For this, a certificate course is being conducted under the supervision of Dr. Anupama Singh and Dr. Madhu Malik. In this course, students are taught that they can somehow convert the organic waste generated from their homes into organic manure. In this way, the waste generated from the hostel, canteen and garden in the college is properly managed.
