Future plans:

- To provide a student-centered learning environment that encourages active participation, critical thinking, creativity, and collaborative learning through innovative teaching methods.
- To enhance students' involvement through participatory classroom practices, seminars, workshops, group discussions.
- To conduct regular tests and assessments to identify students' learning needs, and provide constructive guidance to improve their academic performance.
- To mentor students in selecting and successfully completing Research Projects and guide them presenting and publishing research papers.
- To empower students by providing career counselling, and competitive exam guidance to help them to achieve their professional goals.
- To publish Research papers in Scopus Journal.
